MESSAGE FROM THE CHANCELLOR

Greetings alumni!

Since my arrival here in February 2007, I have had the privilege of meeting several former UW-L students. They often reminisce fondly about their experiences as students, but they also note how much UW-L has advanced since their graduation. As always, our mission at UW-L is to provide the very best educational experience for all our students, both in and out of the classroom. We are constantly striving to maximize that experience. Our plans for the next few years are evidence of that.

We will build over \$100 million in new facilities, including a new sports complex, a new academic building, and two residence halls. Construction on the sports complex has already begun and is moving at a brisk pace. In fact, it is scheduled for completion in May 2009.

We also will break ground in summer 2009 for our new academic building, which I like to refer to as "Centennial Hall," as UW-L will be 100 years old in 2009. Centennial Hall will be the first new academic building since Wimberly Hall (formerly North Hall) and the Center for the Arts Building were completed in 1974. Additionally, as demand for UW-L increases, our student body grows. Nearly 5,000 students, faculty, and staff will be able to occupy the new building at any given time.

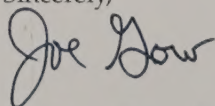

Of course, students also need places to live. In summer 2010 we will break ground for two new residence halls. Both residence halls and the academic building are scheduled for completion in 2011. Additionally, as we are ever mindful of our environment, all three will be LEED certified, a visible indication of our commitment to sustainability.

I hope you will visit us during Friends, Family and Alumni weekend in October 2009. We will celebrate our centennial and look toward a bright future.

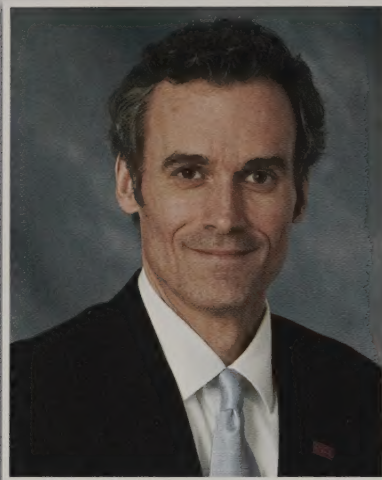

When I ask students what they most appreciate about UW-L, the most frequent answer involves the faculty and staff, and I must agree. Our faculty and staff care deeply about our students and go out of their way to support them. Through our Growth, Quality and Access program, we will secure the funding to hire approximately 100 additional faculty and staff over the next several years, allowing us to provide students with the individual attention that helps ensure their success here.

I am truly privileged to be the chancellor of such an excellent institution. It is a great place because of the generous support of alumni like you. Thank you for everything you do for UW-L!

Sincerely,

Joe Gow, Chancellor
University of Wisconsin-La Crosse

YOU'RE SPECIAL TO UW-LA CROSSE

Dear fellow alumni:

Greetings from La Crosse! I have had the pleasure of serving as the Executive Director of the Alumni Association for more than 10 years. What an honor it is to serve my alma mater and fellow alumni.

2009 will be an historic year. The university will celebrate its centennial, and the Alumni Association will celebrate its 40th anniversary. I hope you'll make a trip back to campus to help us celebrate.

The Alumni Association creates a lifetime connection to UW-L. These connections or relationships are the heart and soul of our program. Alumni are involved in many facets of the university. They volunteer for boards and committees. Alumni provide internships and job opportunities for our students. They support the Centennial Campaign. And, alums help recruit the best students and serve as ambassadors for UW-L. Thank you for making a huge difference in the life of our university.

I am so fortunate to work with a great team. Special thanks to Keli Highland, my colleague in the Alumni Association, the Alumni Association Board of Directors, and my colleagues at the Cleary Alumni & Friends Center. Thank you for your passion and commitment to UW-L.

I have met alums young and old, in our own back yard and continents away; I have met famous and not-so-famous alums. The one thing that we all have in common is this place—this campus. As alumni of UW-L, we share an important bond. Other universities may have something similar, but being part of the "La Crosse Experience" is truly something special.

The UW-L Alumni Association. For you. For La Crosse. For a lifetime.

Warm regards,

UNIVERSITY of WISCONSIN LA CROSSE ALUMNI ASSOCIATION

For you. For La Crosse. For a lifetime.

40 AND GOING STRONG

THE UW-L ALUMNI ASSOCIATION HAD A HUMBLE BEGINNING

Imagine being given a box of 3 x 5 cards with the names of 5,000 alumni and President Rexford Mitchell saying "go for it." Eleanor Kennedy, '64 & '76, the first alumni director, did just that. She accepted the challenge and founded the University of Wisconsin-La Crosse Alumni Association in 1969.

Over the past 40 years, we have hosted hundreds of events throughout the world. Currently, we have alumni living in all 50 states and 59 different countries. Hundreds of alumni have volunteered to serve on the board of directors, various committees and at special events.

The Alumni Association supports a growing list of exceptional UW-L student and alumni programs. They include: Alumni Awards, Etiquette Dinners, Legacy Scholarships, Move-In Day ice cream social, Freshmen Send-Offs and alumni reunions. For a detailed list of programs and services, visit www.uwlalumni.org.

None of these would be possible without the support of alumni and friends who have become members. Joining the Alumni Association is the easiest way to stay connected and show support for your alma mater. Alumni, faculty, staff, students, parents and friends of the university are all welcome to join. Annual and life memberships are available.

From humble beginnings of a typewriter and a box of 3 x 5 cards, to an elaborate computer database that holds the names of more than 65,000 alumni, the Alumni Association is strong. Many things have changed over the years, while some have stayed the same. The one constant is our alumni. Rest assured that your UW-L Alumni Association will be here to support you throughout your lifetime.

YOU'RE PART OF THE TRADITION...

THE HANGING OF THE LANTERN

"We'll hang the lantern in the old college tower...
You won't need to look for the key—the door will be open."

—*English Professor O.O. White, 1931.*

Professor White inaugurated the Homecoming lantern tradition in 1931 with those words. Since, a lantern has been a beacon for alumni. A lantern hung above Graff Main Hall's south stairwell each Homecoming

until 1997 when it moved to hang throughout the year in the Hoeschler Clock Tower. Today, the lantern also serves as the Alumni Association's logo.

THE LIGHTING OF THE "L"

"As we banged down the bluff, the fog started to lift ... and returned to the stadium where we could see the glowing 'L.'"

—*F. Clark Carnes, Class of 1937.*

On a foggy fall night in 1935, Class of 1937 roommates F. Clark Carnes and Bernie Brown spent room and board money on gasoline to fire up the Homecoming crowd. They ran up Miller's Bluff and ignited a large brush pile in the shape of an "L." Police sirens blaring toward the glow, they ran back down to the field as the fog lifted for the Memorial Field crowd to see the glowing "L." Since, an electric "L" has been illuminated on Grandad Bluff welcoming alumni who return for Homecoming.

MIND AND BODY

ACADEMIC BUILDING, STADIUM COMPLEX ARE CORNERSTONES
OF HISTORIC FUNDRAISING APPEAL

HERE'S A POP QUIZ— NO PENCIL NECESSARY

What is the last academic building at UW-L to be supported with state funds and when was it built?

If you said "North Hall in 1974," you're right. And if you answered "W. Carl Wimberly Hall," it's quite likely that you graduated after 2000, when the building was renamed to honor the academic vice chancellor who served the campus from 1953-1992.

As the university celebrates its 100th birthday, the UW-L Foundation is charging headlong into the largest single fundraising appeal in campus history. The comprehensive Centennial Campaign will provide support for six institutional initiatives: the annual fund, faculty awards and development, scholarships, undergraduate research, a new Veterans Memorial Field Sports Complex, and a new academic building.

Of those, it is the latter two that will have the most conspicuous impact on campus. Together, they represent over \$60 million in improvements that will help preserve UW-L's reputation as one of the country's top four-year comprehensive universities.

CENTENNIAL HALL

For the first time in 34 years, UW-L will receive money tagged for new construction by the State of Wisconsin. The state will provide \$38 million for the project. In turn, the UW-L Foundation must raise \$6 million in private gifts.

Al Trapp, vice president of the Foundation, leans forward when he explains the prospect of a return on investment that's better than seven-to-one. "This is a rare opportunity for UW-L to receive substantial state funds for a project dedicated to teaching and learning. The university has waited far too long. It's our turn to move to the front of the line."

The proposed \$44 million facility will include 44 classrooms, two auditoriums, six study rooms, three conference rooms, and a Hall of Nations. Each will incorporate advanced technology and be designed with the needs of today's students in mind.

Ask Jim Leonhart, '68, past chairman of the UW-L Foundation board of directors, to define the significance of the new academic building and he offers an answer without hesitation. "It is the single most

important building project in campus history," he says. "The iconic Graff Main Hall represents UW-L's first 100 years of extraordinary accomplishments. Centennial Hall will herald a new century of opportunity, discovery and achievement."

While Leonhart acknowledges the primary focus of this capital campaign is the construction of Centennial Hall, "We must look beyond the bricks and mortar to the exceptional students who benefit from the education they receive at UW-L, the talented faculty and staff who support them, and a community of loyal friends and alumni who consistently advocate the university's mission," Leonhart says. "Together, they reflect the strength and character that is part of the UW-L experience."

The project, he says, is a necessary investment. "We can't expect to continue UW-L's tradition of quality without demonstrating an unwavering commitment to attract and retain top talent—faculty, staff and students—and providing whatever tools and facilities they need to succeed."

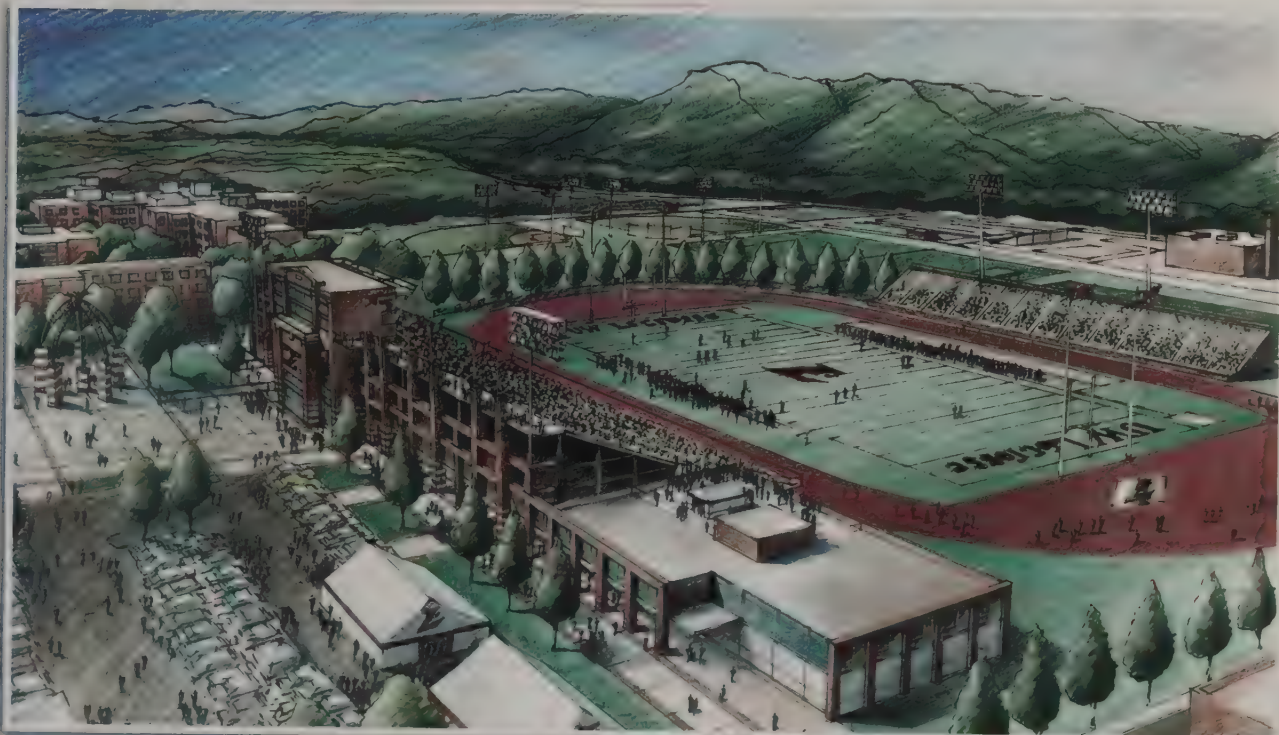

THE NEED, NOW

To unveil the deficits of the current classroom situation on campus, one needn't be a student, professor or building inspector. An observant eye will do.

Today, many UW-L students attend classes in dated rooms without adequate seating. Makeshift spaces that have been hastily adapted to accommodate popular course offerings do not provide the infrastructure required for emerging educational technologies. Add to that the impact of UW-L's Growth, Quality and Access agenda, which will allow the university to admit 500 additional students and add faculty and staff positions to support them, and the need for more space becomes increasingly evident.

However, providing an effective learning environment extends beyond providing adequate space. The manners in which lessons are delivered and how students receive them have changed. While the traditional approach—delivering a lecture to a group of students—is appropriate in some circumstances, the emergence of advanced technologies like mobile devices and high-speed data transfer have had a profound influence on shaping the way students learn.

To accommodate this shift, the new academic building will be equipped with technologies that promote interaction and collaboration between students and faculty. Among them: Webcasts of presentations; electronic response systems that permit students to interact with professors in real time; tablet PCs that permit students to take notes with digital ink; and teleconferencing that allows students, faculty and staff to connect to anyone in the world.

The proposed Centennial Hall will also feature flexible seating that adapts to interactive teaching methods, small group discussions and project work.

"Centennial Hall will provide us with a unique opportunity to blend innovative teaching and learning environments with technologies that promote collaborative experiences," says Jim Jorstad, '78, UW-L's director of educational technologies. "It's our chance to create a legacy of innovative teaching and learning that will celebrate UW-L's excellence."

SUSTAINABILITY IS IMPORTANT CONSIDERATION

Plans call for Centennial Hall to meet LEED Silver Certification. The Leadership in Energy and Environmental Design (LEED) Green Building System is a third-party certification program that establishes a worldwide standard for measuring sustainability. Projects that are LEED certified demonstrate they are environmentally friendly and adhere to green building practices.

And, Centennial Hall will be approximately 35 percent more energy efficient than is required by the existing energy code, due in large measure to a C-

shaped design with exterior walls and more windows that maximize sunlight.

Plans also call for sustainability features such as multiple rain gardens for catching storm water runoff, energy recovery devices that reduce the amount of heating and cooling energy needed for building mechanical systems, solar panels to heat water, and an enhanced process that assures that all building systems are working in concert in the most energy-efficient manner.

"We expect this building to be around when UW-L celebrates its bicentennial," notes Matt Lewis, campus planner and director of facilities management.

"Environmental sensitivity is of great importance to everyone on campus, so we're examining every aspect of this project and assessing its impact on how it will influence the environment today and for generations to come."

Using non-toxic paints that do not release significant pollutants, building with products that contain recycled materials, and placing as many bike racks around the building as possible are among the ideas being considered to minimize the ecologic impact of the project.

VETERANS MEMORIAL FIELD SPORTS COMPLEX

The new Veterans Memorial Field Sports Complex and Roger Harring Stadium is set for completion in spring 2009.

This 6,000-seat, multi-use facility will include amenities needed to host a variety of athletic, recreational, cultural and civic events. High school and collegiate sports tournaments, concerts, home and garden shows, outdoor exhibitions, graduation ceremonies for area schools, art fairs and other events are among those that could be staged at this \$16 million landmark facility, extending its value far beyond the UW-L campus. It will also complement the La Crosse Center, Onalaska OmniCenter, Copeland Park and Riverside Park, thus enhancing the region's position as a premier destination.

It will include a nine-lane running track and football field with synthetic turf, a soccer field, expanded locker rooms, restrooms, concession and training facilities, recreation and intramural fields, a football practice field and more.

The most notable feature will be the Veterans Hall of Honor, a tribute to the contributions of America's veterans. This tradition will continue to celebrate, in a very prominent and fitting way, those who have served our country in the Armed Forces.

The new Centennial Hall is about providing students with the tools and technology they need to navigate comfortably in a global community. Teaching and learning are germinal to UW-L's mission. The Veterans Memorial Field Sports Complex celebrates the university's rich tradition of fitness and personal enrichment. Together, these projects support UW-L's motto, *Mens Corpusque*—mind *and* body.

Graff Main Hall was the original campus building when the University of Wisconsin-La Crosse, then known as the La Crosse Normal School, opened its doors in 1909.

A SHORT HISTORY LESSON

UNIVERSITY'S EXCELLENCE DATES BACK TO ITS BEGINNING

If it had been a baseball game, the third pitch would have been remembered for its home run.

La Crosse leaders around the turn of the 20th century had lobbied the state legislature in 1871 and again in 1893 for a normal school, but lost to River Falls, Superior and Stevens Point. But, finally in 1905, La Crosse State Senator Thomas Morris helped secure the state's eighth normal school and brought it to the region.

The decades-long drive for the school was economic in nature, but there were other overtones. The local press praised Sen. Morris, for whom Morris Hall is named, for his "masterful work" in bringing a normal school to La Crosse. It lauded the new school for the "things it will create, in the garment of educational growth, elevation of moral standards, enrichment of the state's teaching forces, and increase in local wealth and business activity."

Now, 100 years later, that prediction has proven itself true many times—and continues to be the leading force in taking the La Crosse area into the next century and the new millennium. The home run hit by Morris' pitch in Madison in 1905 keeps scoring for the entire La Crosse area—and for the thousands of alumni lucky enough to say they attended UW-L.

EARLY ROOTS TO TRAIN THE WHOLE PERSON

When the doors of Graff Main Hall opened in the fall of 1909, teaching and physical education were the university's foundation. While curriculum has expanded to 85 undergraduate programs in 30 disciplines, UW-L's roots remain strongly intact.

The philosophy of the first president, Fassett Cotton, was to train the whole person. *Mens Corpusque*—Latin for "mind and body"—is the motto on the university seal. The School of Physical Education,

formed in 1913, grew quickly. A physical education building, later known as Wittich Hall, was built in 1920 to handle the growth. For the time, it was one of the best-equipped gymnasiums worldwide and the program gained national recognition.

The school grew in other ways too, especially in academics. In 1927, La Crosse State Teachers College was accredited by the North Central Association.

The Great Depression threatened, but the campus continued to grow. A women's gym was added to Wittich Hall in 1931; a heating plant was built in 1937. The campus school (Morris Hall) was completed in 1940.

During World War II, enrollment dropped. Of 317 students in 1943-44, only 27 were men. When the war ended, men swarmed back to campus. In fall 1947, enrollment passed 1,000 for the first time. Space became a problem and the school arranged temporary housing.

During the '50s, the college remained essentially a teacher-training institution, but laid groundwork for future growth. In '51, the Board of Regents authorized the granting of Bachelor of Arts and Sciences degrees in the liberal arts. The school became Wisconsin State College, La Crosse and planning for a graduate program began. The first master's degree was awarded in 1956.

GROWTH IN BUILDINGS, ACADEMICS

As enrollment grew, more buildings were needed. The first residence hall, Wilder Hall, was built in 1952 and housed female freshmen.

By 1960, there were 1,750 students. The decade witnessed even greater growth—14 new buildings, new majors and graduate programs. While teaching remained the primary mission, more emphasis was placed on research and community service. A Basic Studies program was adopted to provide a common level of knowledge in major areas of human experience. In 1964, the school was renamed Wisconsin State University-La Crosse.

In 1970, 7,250 students were attending, many living in the nine recently built residence halls. When the two systems of higher education in Wisconsin merged in 1971, the school received its latest name change—the University of Wisconsin-La Crosse.

The '70s saw more academic growth. Majors in health education and community health were added in the newly formed School of Health and Human Services. The College of Business Administration was formed in 1972.

In 1980, enrollment exceeded 9,000. The 9,659 students enrolled in fall 1986 set the all-time enrollment high. Various programs received national accreditation, including business and teacher education. The physical education curriculum, long recognized for excellence, was redesigned with additional emphases on fitness, exercise and options for non-teaching majors. A global outlook formalized in 1984 when the International Education Office was established.

As the decade closed, enrollment decreased as part of an enrollment management plan designed to help UW schools come into line with financial resources. By fall '89, numbers dropped to 8,977.

In the '90s, the university led development of a consortium among the city's higher education institutions and major health care organizations to bring cutting-edge health care to the region, along with a state-of-the-art health research and education facility. The initiative has led an emphasis in allied health curriculum at the university.

In the new millennium, UW-L embraces diversity, a commitment that has increased minority and international students, faculty and staff. The school's freshman credentials are second in the UW System, behind only the flagship campus, UW-Madison. *U.S. News & World Report* consistently ranks UW-L among its top three public schools in the Midwest. Students provide countless hours of community service and take part in an array of campus organizations. Intercollegiate teams continue to make the community and state proud. As the 2008-09 academic year began, athletic teams had captured 56 national titles—22 since 2001.

For 100 years, UW-La Crosse has been the prominent intellectual engine that educates a high quality workforce for the region and beyond. The university is proud of its growing heritage and looks forward to retaining its prominence in economic vitality and academic excellence.

WHAT'S IN A (NICK)NAME?

Walk the campus today and you'll see an array of maroon and gray T-shirts, hats and hoodies proudly proclaiming "UW-La Crosse Eagles." The colors haven't changed over the years, but the names of the institution and its logo have.

UW-L men's athletic teams took the nickname "Eagles" in fall 1989. The women followed a year later.

Men's teams had been called "Indians" since 1937 before the '89 makeover due to changing campus and public sentiment toward mascot nicknames. Before '37, men's teams were known as Red Raiders, Hurricanes, Zephyrs, Racqueteers, Peds and Maroons.

Women's athletic teams were called "Roonies" when intercollegiate sports for them began in the '70s. Their nickname derived from the school's color, maroon.

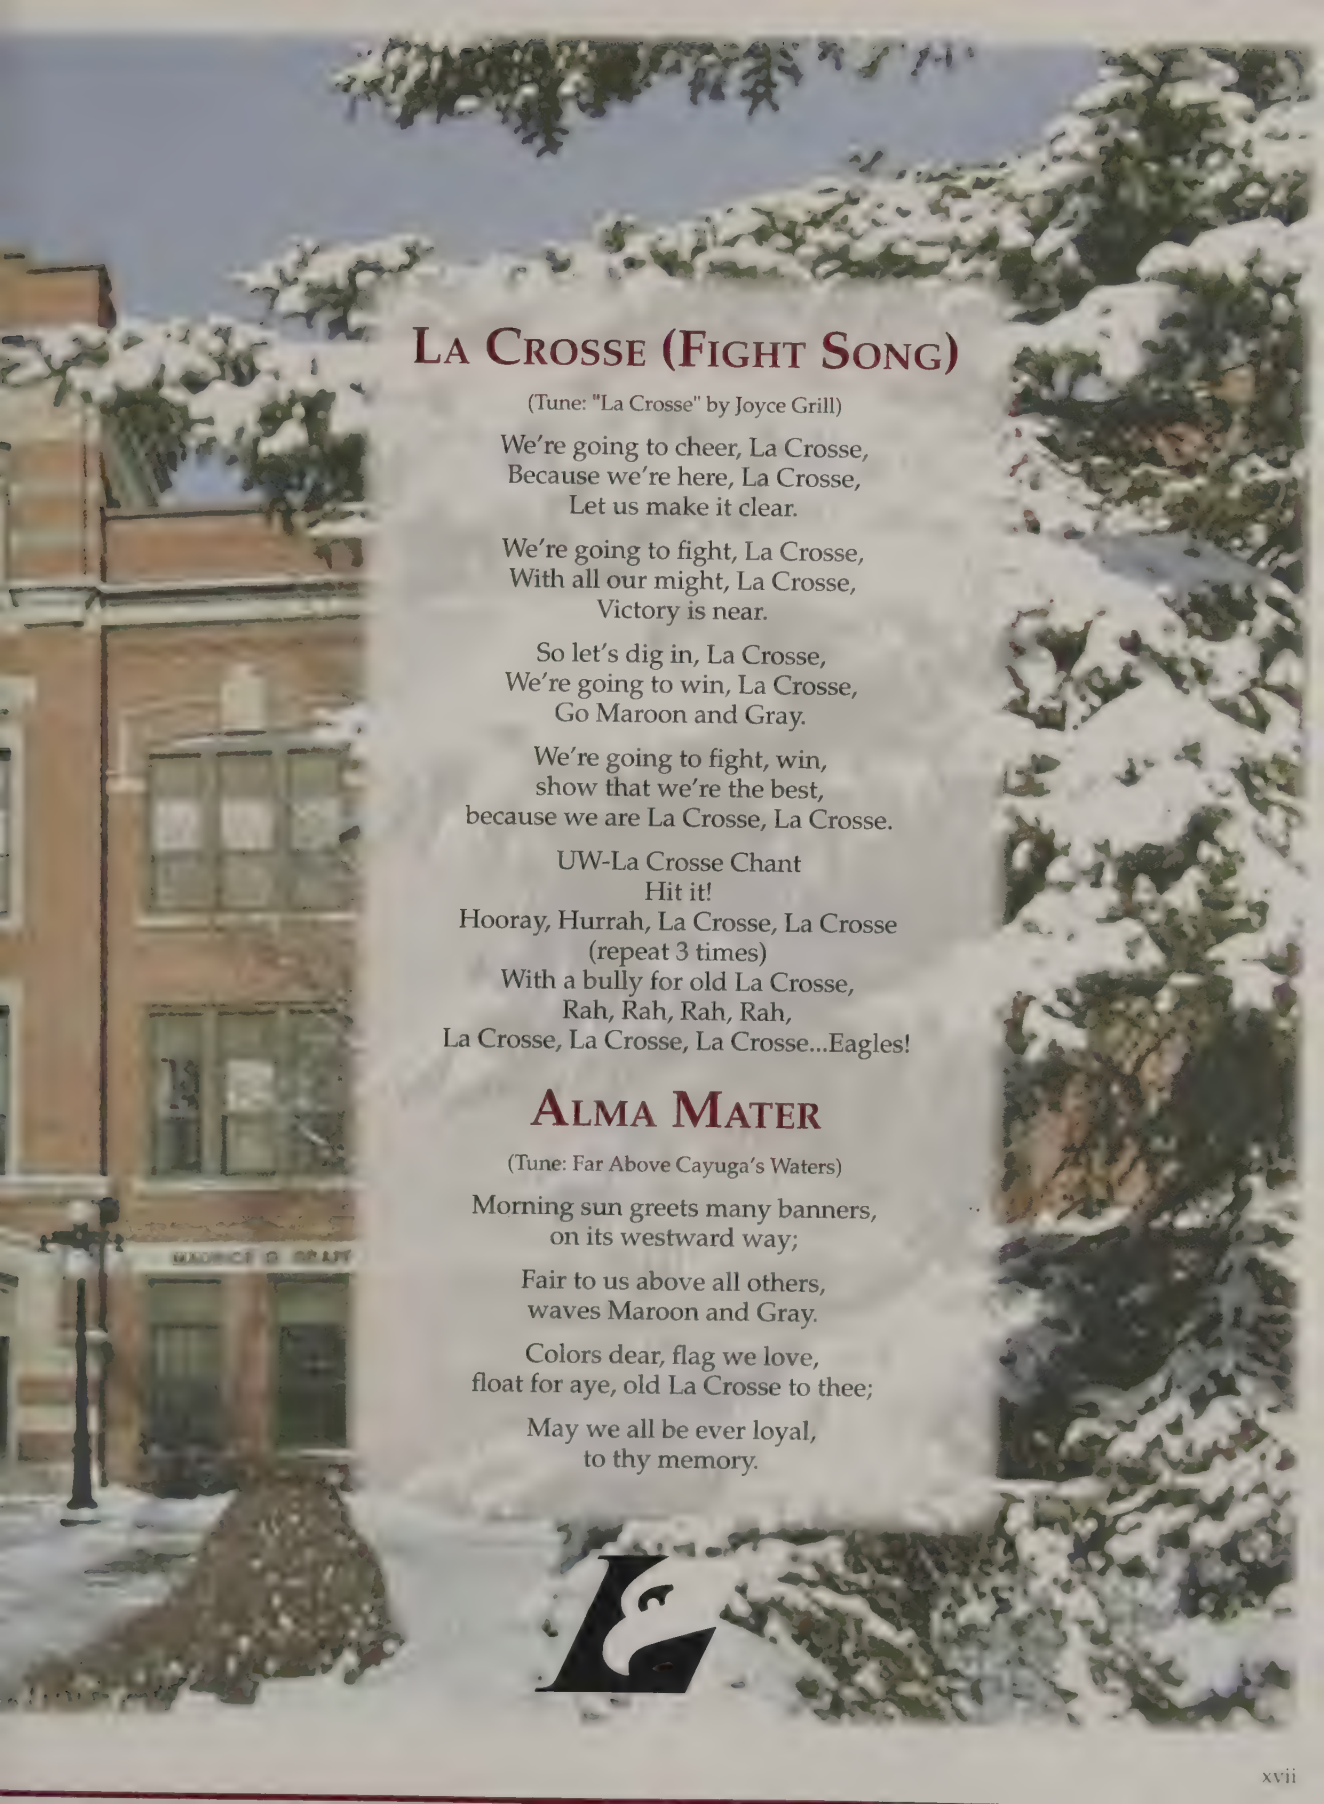

Long-time men's football head coach Roger Harring, a 1958 graduate, emphasized that the institution is more than a nickname or mascot when the change to Eagles took place following controversy. "It's the educational process and how we treat people that are important," Harring noted. "Our athletic success has not been because of a name, but because of the athletic ability of our students. The name is not the tradition, the people are."

The contemporary Eagle in the L and eagle caricature sported by today's athletic teams were created in 1989, just before teams took the field as the Eagles for the first time. Dave Christianson, a 1973 art graduate, penned the images.

The Eagle in the L is a simple design, but not obvious. At first glance, fans see either the L or the eagle. Eventually they see both in the optical illusion. The eagle caricature has a link to the past. The eagle's sweater sports the traditional block-style L used by teams for decades.

Go Eagles!

LA CROSSE (FIGHT SONG)

(Tune: "La Crosse" by Joyce Grill)

We're going to cheer, La Crosse,
Because we're here, La Crosse,
Let us make it clear.

We're going to fight, La Crosse,
With all our might, La Crosse,
Victory is near.

So let's dig in, La Crosse,
We're going to win, La Crosse,
Go Maroon and Gray.

We're going to fight, win,
show that we're the best,
because we are La Crosse, La Crosse.

UW-La Crosse Chant

Hit it!

Hooray, Hurrah, La Crosse, La Crosse
(repeat 3 times)

With a bully for old La Crosse,
Rah, Rah, Rah, Rah,
La Crosse, La Crosse, La Crosse...Eagles!

ALMA MATER

(Tune: Far Above Cayuga's Waters)

Morning sun greets many banners,
on its westward way;

Fair to us above all others,
waves Maroon and Gray.

Colors dear, flag we love,
float for aye, old La Crosse to thee;

May we all be ever loyal,
to thy memory.

A TIMELINE OF UW-LA CROSSE

1905

Thomas Morris sponsors a bill in the state assembly to locate a normal school in La Crosse. The legislature is convinced, allocates \$10,000 to purchase a site.

1908

Main Hall constructed.

1909

Fassett A. Cotton named first president of La Crosse Normal School, which opens its doors for the purpose of training public elementary and secondary school teachers.

1913

Regents authorize training of teachers in physical education as a specialty.

1920

Wittich Hall is completed.

1923

La Crosse Normal celebrates its first Homecoming, defeating Lawrence University, 14-9.

1925

Ernest A. Smith becomes the second president.

1926

George M. Snodgrass becomes the third president.

1927

La Crosse Normal is renamed La Crosse State Teachers College and is authorized to grant four-year teaching degrees in physical education and secondary education.

1928

The college is accredited by North Central Association as a teacher-training institution.

1931

Homecoming's "Hanging of the Lantern" tradition begins over the south entrance to Graff Main Hall at the suggestion of English teacher Orris O. White who said, "We'll hang the lantern in the old college tower...You won't need to look for the key—the door will be open."

1934

The college celebrates its 25th anniversary with an enrollment of 645.

1937

Students adopt the name "Indians" for athletic teams.

1939

Campus School (later renamed Morris Hall) opens.

1951

College renamed Wisconsin State College, La Crosse; Wilder Hall becomes the first campus residence hall; Regents authorize granting bachelor of arts and bachelor of science degrees in the liberal arts.

1956

The first master of science degree is offered.

1957

Students and faculty work "all day and into the evening" February 4 for Operation Booklift, a line carrying books from Graff Main Hall to the university's first library—Florence Wing Library, named for the school's first librarian.

1958

Reuter Hall opens as the first men's residence hall.

1959

College celebrates 50 years, with enrollment at 1,821; Presidential candidate John F. Kennedy speaks to a packed Graff Main Hall Auditorium.

1961

First institution-wide general education program takes effect.

1964

College designated a state university, name changed to Wisconsin State University-La Crosse; Ralph Wall becomes band director and forms the Marching Chiefs.

1969

On April 14, more than 60 staff and students move the university library to the new \$2.5 million Eugene W. Murphy Library.

1970

The Student Coordinating Committee is established as the new student government; the first annual La Crosse State University Alumni Association meeting is held.

1971

Through a merger, the university becomes part of the University of Wisconsin System with the name changing to the University of Wisconsin-La Crosse; amid a snowstorm, campus radio station WLSU goes on the air, as scheduled, at 2 p.m. Jan. 4.

1973

Last year of operation for the Campus School as it is renamed Thomas Morris Hall and becomes the center of the elementary and secondary education programs.

1974

More than 1,500 students gathered in "the pit" between Angell and Hutchison Halls see a group of people run by in nothing but sweat socks and tennies, a "Streaking" fad in spring.

1975

UW-L Student Association forms to succeed the Campus Controls Council.

1981

With the addition of land to the north in the marsh, the campus acreage enlarges; The American Assembly of Collegiate Schools of Business accredits the College of Business Administration.

1984

UW-L celebrates 75 years with a variety of activities, including an outdoor pageant recreating opening ceremonies of the Normal School; enrollment is 9,109.

1985

Reuter Hall, the last traditional all-male residence hall on campus, goes coed.

1986

The university enrolls a record 9,659 students.

1988

The university purchases Veterans Memorial Stadium from the city for \$1.

1989

After lengthy debate, the name for men's athletic teams is changed to "Eagles."

1990

The women's athletic teams adopt the Eagles nickname.

1992

The university becomes one of the founding members of the La Crosse Medical Health Science Consortium, a collaboration with Viterbo University, Western Technical College, Franciscan Skemp Healthcare and Gundersen Lutheran to provide medical education, research and training.

1994

The university's first Web site goes online.

1995

The Cleary Alumni & Friends Center opens; Murphy Library addition and remodeling project completed.

1997

Hoeschler Clock Tower finished and becomes the new home for the traditional hanging of the lantern during Homecoming; Recreational Eagle Center opens; Main Hall renamed the Maurice O. Graff Main Hall, honoring the long-time retired vice chancellor.

2000

The La Crosse Medical Health Science Consortium opens its doors; North Hall renamed W. Carl Wimberly Hall, honoring the longest-serving academic vice chancellor in the UW System who served the campus from 1953-1992.

2001

The \$9.9 million renovation to Wing Technology Center was dedicated Sept. 13; flood waters cancelled baseball and softball games on the university's diamonds during the Mississippi River's third-highest crest of 16.41 feet.

2003

Students register for spring semester 2004 classes for the first time using TALON, the university's new computer system.

2006

The rebuilt Reuter Hall, a suite-style residence hall, opens.

2009

The university celebrates 100 years.

What's Been Happening: In 1947, I entered Our Lady of Victory Missionary Sisters, a Religious Community dedicated to providing religious education, social work and health care for the poor. I have been missioned to parishes in California, Florida, Indiana, Missouri, and Arizona. I received an M.S. in Education from Dominican College, San Rafael, CA, and an MA in Religious Studies from Barry University, Miami, FL. In the 1960s, I wrote four Religion textbooks, published by W.H. Sadlier, New York. I recently had published a history of my Religious Community, "The Story of Victory Noll", 1980-2004. Although I retired as a Director of Religious Education some time ago, I am at present a volunteer member of the RCIA (Rite of Christian Initiation of Adults) team in St. Agnes Parish, Phoenix, Arizona.

What's Been Happening: Upon graduation from La Crosse State I began a teaching career of 40 years. That included secondary schools in Madison, West Salem, Merrill, and South Milwaukee, and after finishing my Ph. D. at Madison I taught at Union Patterson University in New Jersey, Wayne State University in Detroit, and UW-Stevens Point. I enjoyed several summers teaching at the University of Saskatchewan in Saskatoon, and took three Semester Abroad groups to London, Krakow, Poland; and Taipei, Taiwan. Upon retirement from UW-SP I moved to the Atlantic area for 15 years, and returned to Wisconsin in 2000. I am now 86, but I have fond memories of faculty members like O.W. White, Myrtle Trowbridge, and Dr. Emerson, and our undergraduate days there.

What's Been Happening: I taught for 5 years and spent the rest of my career in administration; now to list the positive aspects of my life. I have nine grandchildren I correspond with by email. The oldest teaches at Rice University in Texas - two are in college, one at NYU and the other at a college in Arizona. The two youngest are high school students and four other adults having various careers. My wife and I have done a lot of volunteer work with the seniors in the area. I have a couple of dogs and the oldest is a therapy dog. We visit Hospice and Alzheimer patients plus nursing homes. My problem with nursing homes is being older than most of the patients and fear they will keep me there. Since retirement I have written two books of essays, the last is presently being edited. I also write a monthly column for the local newspaper. My most vivid memory of my days in La Crosse are memorizing the origin and insertions of the muscles of the body and; pointing them out on a skeleton. I haven't used this knowledge yet and hope no one quizzes me as I received a D on my presentation. This memory will only be relevant to graduates 80 or over.

What's Been Happening: I retired from my position as Athletic Coordinator of the Kenosha Unified School District in 1987. In that position I was responsible for the oversight of 20 in-state, JV varsity and Sophomore sports at two high schools; 11 sports (two levels) at five Junior High Schools. Providing budgeted supplies, officials, transportation, playing field and court upkeep for these schools. Approximately 160 coaching positions were under my direction and supervision. After twenty one years of retirement living both in Kenosha and Florida, I have finally moved permanently to Tinseltown, FL to be near my daughter and her family of seven children. She is a graduate teacher and home schools her children up thru 8th grade. Two of the oldest are now attending high school. All are well in advance of their age grade levels in their school studies. I also have a son and granddaughter who live in Wauwatosa, WI. Anyone in need of a wedding photographer let me know and he will be at your beck and call! I have been in attendance at every UWJL Homecoming since retiring in 1987. Also attending the BETA Annual breakfasts and dinner affairs. Personally, I am active with the Parish Fitness center, occasional water color painting, fishing, and having fun with my computer. I presently, belong to one private and two public Yahoo Fantasy Football Leagues. That is it for me here.

What's Been Happening: Prior to attending college, I enlisted in the Marine Corps and right after graduating from high school in 1942 I left for the service, serving in the South Pacific, Okinawa and the Marshall Islands. Since graduating from La Crosse State University of Wisconsin, my life's work has been in Education and Politics. In June of 1950, I was all ready to teach high school biology and science, and needed to get a job as I was married and we were expecting a child in October. After sending out many applications I found that there was no teaching jobs out there. My wife and I were living in Houston County at the time - the office of Clerk of District Court was up for election November of 1950. It was a four year job between elections and that sounded so good, after living the student life for so long, I filed for it and spent the summer campaigning - going door to door over the county. I won that election and four years later when it again, it gave our family stability and I learned so much from it, how the court system works and working in a political office. After seven years and three more children, I felt I should be working in the field I was trained for so I applied for a job in the Engineering Department at Boeing in Seattle, Washington, and was hired, I worked on the first 707 plane.

What's Been Happening: Now that I'm retired, divorced and my 3 daughters are on their own I have more time to writing poems (a few get published), singing, dancing (I perform with two groups) and playing my recorder - not to mention pulling weeds, mowing the lawn and the forever cleaning up. I led a poetry performance group called The Other Voice, a writing group at Women's Wisdom in Sacramento, and a liturgical dance group. A favorite memory of my time at La Crosse was playing Vinnie in "Life with Father."

What's Been Happening: Retired from the Army in 1975 having served both in the Artillery and Army Aviation for 24 years. Thereafter, managed an Electrical Wholesale Distribution in Alexandria, VA for 18 years, then attempted to retire again. Unsuccessful so far, I formed a business consulting firm in 1992, working primarily with wholesalers and distributors until last year when I closed it down. I am now involved with some friends and neighbors organizing a nonprofit organization to assist and support aging seniors in our area, helping them to stay in their homes longer and age in place with confidence and quality of life. Married Patti Cash in 1962. We have a son Tad, a god daughter Lisa, and sponsored a Korean orphan I met in Korea in 1956 when he was 10. I was unable to adopt him at the time, but we stayed in contact for 18 years when he and his Korean wife came to the U.S. to live with us. They have since had 4 children, all of whom graduated from great Virginia colleges and universities; all of whom are considered our grandchildren. Life has been great and we enjoy it more every day.

What's Been Happening: 1952-65 teaching in MN, Cloquet, Northfield, St. Anthony village - 1956-58 special services in Germany where I ran into Faye Melhorn doing the same thing - extensive traveling during that time. Got to visit relatives in Yugoslavia; married in 1965 - two daughters, 3 grandchildren and one due in March. Husband deceased Oct. 2005 Stay physically active with bowling, golf, and bocce ball, less active with bingo, church choir, and eating out. Baker House girls try to get together once a year at Belts Stelmacher's on Green Lake. Have kept our round robin going for 56 years - it is a record of some kind? Am very grateful for friends made and education received at the then La Crosse State Teacher's College.

John's Been Happening: After retiring in 1989 from one of the top 10 H.S. in Illinois I have many "after thoughts" of my education and contributions as a teacher, coach and Athletic Director. In these capacities I enjoyed serving both the boys and girls programs in Physical Education and Athletics as our programs with student enrollment grew from some over 900 to 3480. As Athletic Director I enjoyed my service as an Executive Committee member in establishing the largest Conference in Illinois. Being elected as President of the Illinois H.S. Athletic Director's Association. Also, assisting in the early organization of the National Council of Secondary School Athletic Directors gave me satisfaction in my professional life. "All work and no play" was not for me. I enjoyed all phases of organizing and assisting in a wonderful professional occupation. As a coach, I was honored to be named to the Carleton College "C" Club Hall of Fame. (TO SERVE - NOT TO BE SERVED) Cigar Bowl - 1/1/51 Indians!

What's Been Happening: I retired as Assistant Superintendent of Business and Finance from the School District of Beloit in 1988 and ran for the school board and served as a board member for seven years. I served as a Senior Lecturer at the UW-Janesville WI for the period of 1995-2005, teaching an education course for students entering the teaching profession. I have also been active in the Wisconsin-Upper Michigan Kiwanis District. I was named in 1955 to my wife, Marica, whom I met as a teacher at Todd Elementary School in Beloit. We have three children, two boys and a girl - all married. Our youngest son graduated from UW-La Crosse. We have five grandchildren.

What's Been Happening: I live in beautiful South Padre Island, Texas.....Life is great. My son Rod lives here, along with two grandchildren....My jewelry store, Seagull Imports, is always a meeting point for old friends, and customers. We have a great outreach in Matamoros, Mexico, at the landfill each Saturday afternoon. We have a church, feed the poor, and place the children in foster. The public schools require an enrollment fee, so we help over 200 children go to school each year. Life is great and God has blessed me...Gloria Olson Bates, 1954 B.S. Physical Education.

What's Been Happening: Graduated from LaCrosse State College in June 1954. My major in Physical Education, minor in Health, was under the tutelage of great instructors, who believed that one must perform the event they were to teach, thus they would be fully prepared to enter the educational field. Memories reflect a happy life at La Crosse, as there were many wonderful friends. However, I had a contract with the Navy that was required to honor. Shortly after graduation I entered the Navy as an Officer with the rank of Ensign. I was immediately assigned to a Patrol Craft located in New Orleans, LA. Over the next 30 years my duties continued with Command of numerous Pacific Fleet ships, Divisions and Group Commands. I also commanded a Special Forces Operations Unit. Between these duties I was assigned to the postgraduate school, Monterey, CA and several times to the Pentagon, Washington DC. During these assignments I earned a Masters degree in Oceanography and Business Administration. I received numerous awards for my service including two Legions of Merit and two Bronze stars, each with valor. In 1982, I retired as a Captain and went to work for TRW as a Maintenance Management Consultant. This involved me with building new ships for Navy.

What's Been Happening: I retired in 1984 from the Department of Education in the State of Hawaii after 8 years of teaching and 22 years as a school counselor. I received 2 federal grants toward counselor certification at the University of Hawaii. Dr. John Rothmeyer from the U. of W. was my mentor. In 1966 I was one of 30 educators from Hawaii selected to visit the U.S. Air Force Academy. After retirement I served as an aid to a Maui County Councilman for 8 years. In 2005 my wife, the former Phyllis Daly of La Crosse, and I celebrated our 50th anniversary. We have been blessed with 4 daughters, 1 son and 11 grandchildren. Our first great grandchild is due the early part of next year.

What's Been Happening: Throughout my career, I have found the quality education I received at LaCrosse kept me one step ahead! After receiving my MS from Cal. State, Hayward in Adapted Physical Education, I became very active in the California Assoc. & American Alliance of Health, Physical Education, Recreation, and Dance, received my Playground Inspector's Certification, and still am certified through AAHPED on the FITNESSGRAM. After retiring from teaching ADAPED PE in San Jose, I moved to Lincoln where "Sac. State" prevailed on me to help with their student teachers. It is just enough to keep me active and out of trouble. My passions are playing (attempting) golf, going dancing with Doug, my significant other, doing yard work and my house plants. I have two children: a daughter who is a high school counselor while working on her PhD in Psychology. A son-in-law getting his Nursing RN with surgical experience, a son who is in the retail business and writes on the "side", and my pride & joy, my 2 grandsons, one who is a "Dreamer" and the other, an A student who is on the varsity football team with visions of going to Ann Arbor. Life has been and continues to be GREAT for me -- not bad when one is over 70.

What's Been Happening: I taught P.E. & dance at Jr. High in Wausau, WI and in 1961 came to Northbrook, IL where I taught most Modern Dance classes in Glenbrook No. 2 and Glenbrook No. High Schools. Had my son Eric, in 1965 & daughter Amy in 1969, and now have 2 grandchildren - Kaitlyn Signe and Quinton James. Employed in various kinds of companies, and now find myself since late 2005 as the Good Will Ambassador at the No. Suburban YMCA in Northbrook. A highlight of my life is when my mother (Signe Ahoe Fiege) and I collaborated by writing & self-publishing a book called, "A Clearing in the Woods" about my mother's life starting as a child of Finnish immigrants, growing up in the wilds of No. Central WI and then, as a game warden's wife! Due to much demand, we had two printings of the book! I still love to play piano and sing (when there's time), but the most fun I am having lately is the continuation of my Belly Dance training here at the YMCA.

What's Been Happening: Rachael Dowd loved Miss Apple-gates classes, and would like to hear from others that started at UW in 1955 and took the two year rural course. I finished my BS degree in 1966 one month before our son, David was born. David Dowd graduated in 1988 from UW LaCrosse. I taught for 31 1/2 years in the Jamesville School System and loved every minute. I am a full time volunteer for Questers (a group interested in restoration and preservation); JAREA (Jamesville Area Retired Educator Assoc.); JAARP; Garden; and Rotary Gardens. My husband, Jim and I have been married for 47 years and we have three grown children with nine grandchildren.

What's Been Happening: My wife, Marjorie, BS, UW-Madison 1958 and MS, RD, 1981, Ohio Univ., former assist professor, School of Human and Consumer Sciences and Biomed Sci., OUCOM, Ohio Univ. and I have completed our 42nd consecutive year of combining exercise physiology testing and nutrition counseling of US National and Olympic Rowing Teams. We are proud to have been part of the recent gold and bronze medal performances of our Olympic women's and men's eight-oared crews respectively following gold and silver medal performances respectively for these crews in Athens in 2004. I am proud to be an alumnus of University of Wisconsin-La Crosse and I have enormous pride for my academic and professional experiences during my undergraduate years; I include great teachers in my praise of Cowley, Rovang, Kunkel, Gershon, Thomas, the Bairds, Wimberly, Holub, Vickroy, Reuter, Gausch, Devoli, Karpovich, and others. Thank you.

What's Been Happening: Following UW-LAX graduation, commissioned officer in USMC and USA. Secondary school teacher, HS Asst. Principal, HS Principal, Asst. Supt. and Superintendent in three school districts, the last ten years in So. San Francisco Unified, CA. Retired as superintendent in 2000 and conducted superintendent searches for California School Boards for 5 years. Fully retired 2006. MA, Ed Splst. and EdD from University of Minnesota. Presently, growing wine grapes for Cabernet Sauvignon in California. A small operation but excellent wine. Married with 3 adult children and 4 grandchildren. My education, activities and experiences at UW-LAX were key in preparing me for the many challenges and professional success that I have enjoyed. In recent years, I have taken the opportunity to provide some financial contributions to the university. My background in sports participation at the University and the military has enabled me to continue with physical fitness. I recently completed in the Bay Area Senior Track and Field Games at Stanford University, running the 400 meter dash.

What's Been Happening: After graduation I moved to Ohio, to start teaching in Lorain. I also started my first coaching position at Oberlin College, coaching diving. My divers were undefeated, won the conference, and qualified for the Nationals. I moved to Avon Lake, to teach at the high school and coach high school divers from several schools. I had 28 divers place in the top six, with several state champions. I moved to the Berea school system, coached diving one year with a district champ and three more state qualifiers. Took head coaching position at rival high school the next year. Placed 10th in the state, with several All-Americans on the team. One was first in the nation in one event and third in another. The 2nd year we placed 5th in the state. Went to Baldwin Wallace College, the next year, had undefeated divers, conference champs, and national qualifiers for five years. Got married 2yrs after graduating, have three lovely daughters. My wife is Joyce, the girls are Lee Ann, Lynette, and Leslie. We have two grandchildren, Kacey, who is 8, and Even, who is 12, and started swimming. He is ranked 8th in the area for High School, 500yd free, and started 6th grade this year. Had severe car accident, that caused me to retire early, so we spend half the year in Ohio, and half in Key Largo, Florida, where we have a small home near the ocean. I hunt & fish in both states.

What's Been Happening: I reside with my wife (Ruth) in Green Lake, Wisconsin. I have no time for retirement (some times much to my chagrin). I am actively involved with our real estate holding on the West Coast of Florida. If you are ever in the St Pete Beach (the Tampa Bay area of Florida) stop in and join us for lunch or dinner at the "Sea Cntr's Cafe" a casual dining waterfront Seafood Restaurant (www.seacntrscs.com); tell them "Tom G" sent you, you will enjoy the experience. I have (3) adult children: Mark, who lives and works in the Space Coast area of Florida (Cocoa Beach). He graduated from the University of Florida and played basketball from 1977 thru 1981. My Daughter, Tana Leavitt, graduated from the University of Florida and has been

employed by American Airlines for the past 24 years. She resides in Zionsville, Indiana. My youngest Son, Jack, also graduated from the University of Florida (3 Gators in the family); he currently resides in Green Lake, Wisconsin and is the owner and operator of "Harbor Lights" Steak & Seafood Restaurant located in downtown Green Lake, Wisconsin. I recall many fond memories during my years at La Crosse State. We had less than 1000 students enrolled at the time and [everyone knew everyone]; we frequently drank coffee with the members of the faculty in the Student Union.

What's Been Happening: Hi All..... Just starting my 15th year of retirement after teaching 33 years. I am involved in Community Theatre, directing and Choreographing. I will be attending my 50th class reunion from UW-LaCrosse in October. It will be nice to see everyone after 50 years. Think we've changed??? Probably not as much as the UWL Campus has. My favorite memory of college, was watching Miss Wilder going to early morning classes. You had to look fast, because she didn't walk the RAHNNNN..... The teachers were "awesome" and also "tough"!! Miss Wilder, Miss Kunkel, Miss Carter, Mr. Reuter, Miss Thompson, The Baird "sisters" and who could forget Miss De Bowser, the names bring back so many memories. If any of you are in my area, give a call, will go to Lunch, or Dinner and "Toast" the Old UW-LaCrosse.

What's Been Happening: Retired in 1999 after 35 years at Bridgewater State College. Taught physical education, served as department chair for 10 years, and Dean of the School of Education and Allied Studies. Was very active in the American Alliance for Health, Physical Education, Recreation and Dance (AAHPERD) and the National Association for Sport and Physical Education (NASPE). Continue to be involved with the National Council for the Accreditation of Teacher Education (NCATE). Have enjoyed retirement with lots of traveling in and out of the US, spending time at a vacation cabin in NH and playing golf.

What's Been Happening: I and my wife Marsha are enjoying life together traveling and following the grandkids in their sports and adventures. I have 5 children, 2 stepchildren and 6 grandchildren. I retired from working July 1997 as an IT Manager. I am playing trumpet in the Star Of The North Concert Band from Friday Minnesota. We have traveled to and played in many places in the world including: Australia, New Zealand, Germany, Austria, Italy, England and Greece. I played with the UW-La Crosse Marching Chiefs band while attending UW-La Crosse. I enjoy golf, tennis and bike riding. I ride in the Minnesota Ironman bike ride. Some of my family and I ride bikes from Rosemount MN to La Crosse - a wonderful experience.

What's Been Happening: I retired after twenty-four years in the public school system in 2006. My major was Physical Education but I have been teaching Information Technology for the past twenty years in the public school system. I teach 60 percent time in the Catholic school system teaching Information Technology. Not sure when I will retire again. My husband and I had 5 children and now we have 6 grandchildren to visit and enjoy. We have been very busy working to help pay for the colleges degrees and weddings. Life has been good for us as we strive to stay healthy and happy and enjoy our grandchildren.

What's Been Happening: I retired in 1998 from the School District of La Crosse. I had been a guidance counselor for four years at Logan High School, Assistant Principal for three years at Logan High School, and Principal at Harry Spence Elementary for eleven years. I have traveled to China, Russia, Europe and Scandinavia since retiring. We built a winter home in Tucson, Arizona, in 2000, and divide our time between Onalaska and Tucson. I remain actively working with my husband, Don, in several school bus companies that we own in WI. Don and I have been married for nearly 37 years. We have three grown children and five grandchildren.

What's Been Happening: After 36 years in Aerospace including 23 years with the European Space Agency in Europe, my wife Yvonne and I have returned to La Crosse and made it our retirement home. With golf, card playing at a few of the local watering holes and traveling to Florida for three months each year, we are up full to here with many things to do. We continue to follow the Eagle's sports events and attend as many as possible. Its great to be in LSE and close to the campus; and with connections to classmates and others associated with UW-LA. Our kids are grown and prospering on their own, one as an FBI Agent and the other as a Captain flying with Continental Airlines. La Crosse is the place to be!

What's Been Happening: After retirement I graduated from the School of the Chicago Botanic Gardens in a 2 year horticulture program. I am now happiest with dirt under my fingernails of teaching about gardening in Milwaukee and surrounding suburbs. Always a teacher, I guess! In our spare time my wonderful life partner, Don Austin, and I travel to places where we can study the natural world (most recently Alaska and Belize). As I age, I appreciate life more and more fully. My best to my classmates of 1960!

What's Been Happening: Completed thirty three years in education; all in the Manitowoc Public Schools. Taught junior high social studies, phy. ed. and coached 9th grade football, basketball, tennis, golf, and swimming. Taught senior high geography before returning to Washington Jr. High as Assistant Principal. The last nine years prior to retirement served as Principal of Lincoln High School and led that school into being one of ten exemplary high schools nationwide selected for recognition. President George H.W. Bush recognized this on the White House lawn quoting "Douglas Molzahn, Principal of Lincoln High School in Manitowoc, Wisconsin, said it best about what this award means when he said 'It isn't so much a spotlight on Lincoln High School but a floodlight into the community. Good education involves the whole community.' Doug retired in 1993 and along with his wife Helen enjoyed ten winters traveling the United States in a motorhome; Florida, Southern Texas, California, Arizona

and most points inbetween. They now own a home in Mesa, Arizona and Egg Harbor, Wisconsin and enjoy both states living about six months in each and participate in tennis, golf, biking, riding, swimming and hiking. All three children are involved in education; Greg is English Department Head and teacher in Cudahy, Cathi teaches a music program in Hudson, Wisconsin, and Susie does a grade in Chippewa Falls.

What's Been Happening: Marv and I are both retired and have been living on an acreage in the country with our two daughters, one son-in-law, and three grandchildren for the last seven years. We have an RV and winter in Harlingen, TX. Our favorite activity is to cross the border into Progresso, Mexico to shop and eat with our friends and make new ones.

What's Been Happening: Teaching and Administrative Assignments in New London kept me very busy since graduating from LaX and until I retired in 1995. During that era I have volunteered and served on a number of Boards both at the state and Local level. Married for 42 years to another educator (from Minnesota) we have enjoyed our two sons, watching them grow and start their own families.

What's Been Happening: After I graduated from La Crosse, I taught and coached at Homestead High School in Mequon, WI from 1961 through 1973. I took a one year leave to obtain my Masters at Indiana University. I left teaching in 1973 to join an insurance and financial services company. Our family relocated to Cedar Rapids, Iowa and remained there until my retirement in 2000. Me and Bunny retired to East Tennessee on Tellico Lake, located about 35 minutes south of Knoxville. We enjoy the area, as it has much to offer.

What's Been Happening: My wife Kathy and I retired from the School District of La Crosse in 1999. At retirement Kathy taught fifth grade students at Lincoln Middle School where she was principal at Franklin Elementary School. Since that time our two grandchildren, Luca, now age 5, and Lucia, now age 3, were born to Amy Wagner and our oldest son Charles. They live in St. Paul, MN, and we were able to see them frequently since their birth. Kathy was diagnosed with a brain tumor (glioblastoma multiforme) in December 2007. After an eight month fight against this horrible disease Kathy died on August 17, 2008. We had been married for 41 years and I am now working on legacies for our grandchildren so that they will have some connection to their wonderful grandmother. During Kathy's illness our main source of communication with friends and relatives was a wonderful nonprofit web site, called Caring Bridge.org. It is meant for families in crisis situations.

What's Been Happening: Since graduating in 1962 I have been involved in various forms of ministry. For a number of years I was overseas in the Turkey and also in some of the surrounding places in Europe, Spain, Lebanon, and even India. In these latter years I've written articles for inspirational magazines and have pastored churches. Now, living in Update New York I'm working on a book involving living a spiritually deeper Christian life. Hopefully it will be finished by late 2009. It is very satisfying as one reaches nearer to the end of life's road to be increasingly experiencing the grace of Christ and to know that because of His suffering on the cross, we are made fit for heaven through placing our faith in Him. It would be great to hear from any of you. Sincerely, Ken Cetton ket1933@stny.rr.com

What's Been Happening: Rolf and I spend 6 months in Sun City West, Arizona where we enjoy golf, are involved with our church family there, look forward to the boys' visits to us and still enjoy the snow back in WI at Christmas time. In the summer in WI, we enjoy our 2 sons; one with our 2 granddaughters, golf, swimming and family activities. Most enjoyable for me have been 3 reunions with La Crosse senior year roommates in WI, TX, and FL. Two fabulous Mission trips to Moscow and Africa have been life-changing for me. Having several foreign exchange students live with us has been a real blessing. After retiring for both of us in the Ashwaubenon Schools (Green Bay) for 30+ years, we feel truly blessed and grateful for our lives filled with wonderful memories of La Crosse and beyond.

What's Been Happening: I retired as Assistant Chancellor for Administration and Finance from UWL in 2001. I served on the La Crosse City Council as the representative from the 17th Council District from 2003 to 2007 and I also served on the La Crosse Public Library Board of Trustees from 2003 to 2007. During the summers of 2001 (130 miles) and 2002 (350 miles) I rode my mountain bike along the Continental Divide in Montana. Anita and I continue to travel to visit with family and friends across the country and travel to gather genealogical information for both of our families. In January, 2008, we took our first Cruise to the Mexican Riviera on the west shores of Mexico.

What's Been Happening: After leaving LaCrosse I worked for the FDA in Minneapolis for six months and then the rest of my career at the Los Alamos National Laboratory, Los Alamos New Mexico. I retired in 2000 but work one day a week as a contractor when I feel like it. It's been a great career and I feel like it was because of my education in LaCrosse. I have 3 children and 5 grand children and am enjoying my retirement and the sunny skies of New Mexico.

What's Been Happening: After graduation I taught third grade in Wauwatosa WI. I also taught one year in Waukesha. I married Charles Miller in 1963. We moved to Westby WI in 1966 where he accepted a teaching position in the high school. I subbed for many years and returned to a permanent position at Norwalk/Ontario Schools where I taught 1LD, remedial reading and second grade. We have four children and eleven grandchildren. Our daughter and her family live in LaCrosse. The other daughter and our two sons live in the Twin Cities area. Chuck and I are both retired and enjoy golf and travel. I still love to read novels and have recently taken up watercolor painting. We spend our winters in Panama City Beach, Florida. Thanks to Betty Lou Neef Kraft I have connected with many gals from the class of 62. Looking forward to the next reunion

What's Been Happening: Since graduating from Aquinas, I went on to receive a B.S. in Elem. Ed. from La Crosse State Univ., then taught first grade in Beaver Dam, WI. In 1965, accepted a teaching position for the U.S. Army in France, where I met and married Mario Porras. We lived four years in Annandale, VA, where our son Edward was born and where I taught kindergarten. In 1970 we moved to Massachusetts, where I continued to teach K-3 until 1987. Our daughter, Gia was born in 1974. Mario owned and managed a T-shirt shop in Harvard Square, and a Deli in Rockport during our MA years. Then he went on in sales for Raim, IBM, and Siemens. While in MA, we started sailing on Lake Winn in NH and we bought a horse with our daughter and continued my love of riding that I had with my friend, Lynn Boehm. I retired from MA before leaving for Florida in 1987. Our son stayed in MA when we moved to FL, 20 years now and in that time our daughter got her degree in psychology from U of FL, Tampa. Our son married in 1991 and lives with his wife, Ellie and their two children, Eva (14) and Billy (9) in Kingwood, Texas. Mario and I are both retired and enjoy various activities around Parkland, which is just 10 minutes from the beach in Deerfield. I served on the local library board for two years, and have always remained active with workouts at Curves, Lady of America and now the new YMCA in Parkland.

What's Been Happening: After graduation I taught fourth grade in Prairie du Chien, WI for four years. I then taught fourth grade at Roosevelt in LaCrosse for one year. On July 20, 1968 I married Willard Fjeldstad. I taught fourth grade in Virgo, WI for the next six years. In 1972 we became parents of our only child, Ann. In the fall of 1974, I chose to stay home to care for Ann and to do the bookkeeping for my husband's business. In the fall of 1984, I returned to Virgo Area Schools and taught fourth grade for another seventeen years. In 2001 I retired after twenty-eight years of teaching. This is my eighth year of being a substitute teacher in Virgo. Our daughter, Ann, and her husband, Abe, live in Neenah, WI where they are both physicians. We have been blessed with two grandsons, William and Zachary.

What's Been Happening: I graduated in 1963 as one of the first art education majors at UW-La as the program was relatively new then. Shortly after graduation, I married Bill Hawkins from Sparta, WI. He had just graduated from West Point and was an officer in the Army. We moved from base to base and he served 2 tours in Viet Nam before getting out of the Army to enroll in seminary in Greenville, SC. He now pastors a small Baptist church in Greenville and has his own business where he earns his living in financial planning and investments. We have lived in the Greenville area for 38 years and have four children and currently, 3 grandchildren. I retired in 2005 from teaching art in the Greenville Public Schools. Now I am substitute teaching and volunteering at the Children's Hospital School here. Financial reasons required that I commute from Sparta to La Crosse every day to attend classes at UW-La (or La Crosse State as it was called then) so I didn't have many opportunities to get involved with the social activities on campus. However, I made many friends in the art and education classes and my 4 years there were very enjoyable. Dr. Kendrick and Mr. Beck were my first art instructors at the time. We recently purchased a second home on Lake Onalaska and enjoy "reconnecting" with the La Crosse area several times a year.

What's Been Happening: Since finishing my PhD at the University of Minnesota in 1972, I have been teaching English at Hamilton College, Clinton, New York. This year I retired as Edmund A. LeFevre Professor of English. I plan to continue to teach at least once a year in retirement. In 1966

my "Cookie" Buschmann (UW-L '64) and I were married in La Crosse. We have two children, John Markos O'Neill and Amy Elizabeth O'Neill. We have a total of four grandchildren, two by each child. John Markos and his family live in San Francisco, where he is a computer data engineer. Amy and her family currently live in Cordova, Alaska, where she is a writer (with two books published this year) and her husband, James, is captain of a Coast Guard cutter.

What's Been Happening: I live in a small river town, Stillwater, MN, located on the Minnesota/Wisconsin border. David Spencer, class of 1962, has been my husband and friend for 13 years. Four years ago we moved to a retirement community and have become quite involved with education programs, nature and energy issues. My four children have given us eight grandchildren, each of whom is above average and good-looking! We have enjoyed extensive world travel since our retirement and currently are looking forward to a trip down the Blue Danube River in October. Life is definitely an adventure for us. Both my freshman and sophomore years at UW-LA I lived in Wilder hall. There were three to a room! My junior year I was moved to Grandview Dorm which previously had been the dorm for nurses at Grandview Hospital. That year six of us drove to Fort Lauderdale, FL for spring break. I did it with just \$25 in my pocket. I remember with fondness Big and Little Baird, Mrs. Kunkle, Mr. Wirkus, and Prof. Hartley.

What's Been Happening: '63 University of Wisconsin-LaCrosse graduates the Washas, Geoff & I, retired from our various careers in education to our lake house on Big Cedar Lake near West Bend, WI in 2001. Our family consists of your son and our daughter, son-in-law along with their two wonderful little girls. Today we celebrate these special days.

WASHA J. Geoffrey; BS; Retired Tchr., Coach, Athletic Dir., Mayville Sch. Dist.; r: 5623 Kenny Dr., West Bend, WI 53095, 262 306-0388; *Delores; Brad, Kathryn; dwasha@charter.net*

What's Been Happening: Geoff's career in education spanned 34 years working 28 years in three various high schools in WI. He taught world history and physical education; coached high school athletics with 28 years in wrestling, 18 years in football and also 2 early years in track. He ended his career with 12 years as athletic director and six years assistant administrator. Geoff retired in 1997 to battle Non-Hodgkins Lymphoma cancer. The best news today is that he is a ten year stem cell transplant cancer survivor enjoying his retirement years on Big Cedar Lake. He is named to classmate Delores McClurg Washa. Together they have a son and a daughter with two grandchildren.

What's Been Happening: Never left school, or so it seems!!! BS, in mathematics/physics from UW-La Crosse. M.S. in mathematics and Ph.D. in statistics from University of Wyoming. After periods of employment with Lockheed Aircraft, Trane Co., National Security Agency, and attendance at several universities across the country I retired from the University of WI-La Crosse with 34 years in the Department of Mathematics. The last two years (2006-2007) saw me retired out of retirement to teach statistics at California Polytechnic State University (CalPoly), my wife, Diane, and I married in a castle in Scotland where I was teaching at the time. That was in 1986. Diane retired from UW in 2005 after 28 years in the Alumni/Foundation office and she has two sons, Brent (A home designer in Kenosha) and Brad (Currently stationed in England with the U.S. Air Force and 17 years experience). I have a son, Damm (An engineer with Bosch in Dearborn, MI) and a daughter, Darci (An RN at Lutheran Hospital in La Crosse). We have one granddaughter, seven-year-old Avalon, via Darci. Diane and I reside in Trempealeau, WI, but we spend most of our time roaming the U.S. in our motorhome (especially during the 7 months in the southwestern states for the winter).

What's Been Happening: I have been retired from Sparta Area Schools, Sparta, WI, for a number of years, as the high school media center director, Forensic coach and Student Council Advisor. This was a very rewarding time of life, but I am now involved in the Chamber of Commerce as an Ambassador, promoting our biking trails throughout the Midwest. Historic preservation and our public library, a beautiful Carnegie library, are also high on my list of activities. I have two married children and eight grandchildren. One family is in Minot, ND, and the other is in the Milwaukee area. So, new horizons are experienced through these wonderful people, as they grow and reach out to life. Traveling, both as a family and as a couple, has always been a part of our lives, both here and abroad. After three years in the Detroit area, we (my husband, Harlan & I) came back to God's Country in 1967 and wouldn't want to live anywhere else.

What's Been Happening: I am retired after 33 years of teaching biology with the New Berlin School System, 4 years at New Berlin H.S. and later at Eisenhower H.S. I started the wrestling program at Eisenhower H.S. in 1969 and was the head varsity coach for 14 years. I also coached freshman football for 23 years, long distance runners in track 17 years and was the head varsity boys & girls cross country coach for last 6 years of my career. I have been married for 41 years to my wife Nancy. Nancy is a 1964 Ripon College grad and also is a retired elementary teacher. We have 2 children, Michael and Pamela and three lovely grandchildren, Nancy & I do enjoy traveling throughout the US and abroad. Our real joy are the grand children. My passion in life is running. I have completed 23 marathons, with the most recent being the 2008 Marine Corps Marathon in Washington DC.

MILLER, Janet L. (See Rose, Mrs. Janet L.)

What's Been Happening: Altera 35 year career as a Medical Technologist (with a year off for service in VISTA, Volunteers in Service to America, where I worked with the Cherokee Indians in Oklahoma). I retired and am now keeping busy with volunteer work in my church office and enjoying some travel. I worked in hospitals in La Crosse, Eau Claire and the last 32 years at Marshfield Clinic in Marshfield. Vacations during my days of employment include four trips to Europe, other international destinations, several trips within the US and two special trips to Churchill, Manitoba, Canada, where I was privileged to witness the annual polar bear migration out to Hudson Bay. My years have been blessed in my career, in health, and in the opportunities for travel.

What's Been Happening: I have been retired for 10 years and can't quite believe it! It was a great teaching career but so glad to be retired. Am busy taking care of my parents (66/88), my house and garden, playing duplicate bridge, golfing and hiking on all the great trails near my house and traveling as much as I can. Best trips were Peru and Africa in the last several years. Love to go to Florida and Phoenix where my friends live in the winter to escape some of our winter wonderland.

What's Been Happening: I walked down from UW-La Crosse with a smile on my face and stepped forward into a teaching job. I taught 36 consecutive years starting in Menomonee Falls and moving on to Janesville, Redondo Beach, CA, Brookfield and the final 31 years at Oconomowoc Middle School. I completed my Masters at Whitewater while I was teaching. My 2 passions were traveling and biking. I traveled in Europe, Mexico and the U.S. before I was married. Ken and I traveled to Hawaii, Alaska and many more trips in the U.S. after we were married. In 2004, I accomplished my dream trip of biking across the U.S. I started in Ocean Beach, CA in February and ended up in St. Augustine, Florida on April 19th. I rode 3,165 miles in 52 days of biking. It was a wonderful trip. My goal was to bike every inch of the way so my husband was the sag wagon. We were not blessed with children so we continue to bike and travel. This fall we went west and biked the beautiful Hawaitha Trail in Idaho and in the Couer d'Alene area. We continued our drive down the coast of Oregon and back through Denver. In 4 weeks, we biked 500 miles and drove 6,200 miles. I retired in 2002, and have enjoyed every day. I do some part time work in the summer washing and staining decks. We will go to The Villages again this winter and enjoy the warm biking weather.

What's Been Happening: My maiden name was Plaff. I retired from teaching in January of 2008, after teaching for 34 1/2 years. I taught in larger school districts such as Janesville Parker and Milton. At this time, my husband, Doug, was at the Janesville Fire Department. In 1974, we decided to move back to our hometown (New Lisbon, WI) to begin farming. We are both from families that farmed, so we had knowledge of this endeavor. I was a "stay-at-home mom" for six years. I then returned to teaching at New Lisbon Schools. I have taught physical education, driver education and health education. I have taught at every grade level from Jr. Kindergarten -12th Grade. We have 3 wonderful children - Scott, Tanya & Kevin. Two of our children attended UW-La Crosse and our son, Kevin graduated from here in 2001. Our daughter graduated from UW Oshkosh in 1996. We now have three grandchildren and are loving being grandparents. I have always loved learning, and would still love to enroll in other college classes. I volunteer to teach CPR. My newest interest is volunteering to teach English to Hispanic adults at Sparta. This type of teaching is a two-way street, as I am increasing my learning of the Spanish language (a personal goal of mine).

What's Been Happening: I taught elementary school in Edgerton for 33 years, retiring in 1999. Married Robert Heistad and have one stepson, 3 grandchildren, and 3 great-grandchildren. Bob and I also did fostercare for 10 years, during which time more than 100 children passed through our home. After Bob died in 2005, I moved back to my hometown of Sparta where my 4 older brothers and most of their 95 children, grandchildren, and great-grandchildren live. I am very much enjoying being near family again!

What's Been Happening: After graduating I worked in Philadelphia at the Johnson Foundation, then the lab moved to Dallas in 1968 to UT Southwestern. I worked in Biochemistry, Pediatrics and Radiology. Then I went to work in Cardiology at Medical City Dallas Hospital. I spent over 15 years canoeing, hiking, and backpacking, especially the Grand Canyon. I traveled to Hawaii, the Caribbean, Spain, Portugal, Scotland, Ireland, and Wales. Then I went to work at The Institution of Forensic Sciences as a drug chemist. The "fake drug scandal" involved me in analyzing fake pills of cocaine. A Dallas policeman and an informant are in jail for setting up innocent immigrants. I retired in 2004 after 17 plus years. After my parents passed away, my brother and I made trips to North and South Dakota to visit where the folks had lived. I took an Alaskan Cruise through the Inner Passage on a small ship. We got into Zodiacs and cruised around the ice flows, and explored beaches. Rafted down a river, landed on a glacier, and rode in a seaplane. I enjoy my dog Sadie, knitting, and working with my crime watch. I was on the bond committee that put together a presentation to the Dallas City Council. We obtained 1.9 million dollars in projects for our area, including a new library and recreational center. Post bilateral knee surgery, I continue working out at the YMCA and water therapy.

What's Been Happening: I am currently enjoying retirement. One of my favorite past times is watching my grand children grow up. Spending time hunting, fishing, and playing golf is also high on my list. Most of my daughters attended U. of Wisconsin/Lacrosse. Wendy teaches school in West Bend and Jill works in the financial world. Recently I played in the Gene Conger golf outing and touched base with a lot of old classmates. My oldest Granddaughter participated in the WIAA track meet the last two years and is looking forward to the new track and stadium. I would like to thank the U. of Wisconsin/Lacrosse for giving me such a fine education. I spent 31 years teaching in the Waukesha School District and enjoyed every moment of it.

What's Been Happening: BD and I have always remembered our years at University of Wisconsin-La Crosse. BD was a member of Alpha Xi Delta and I was a member of Alpha Kappa Lambda. Both of us enjoyed being members of the Greek Social Life. BD graduated with her Teaching Degree and I graduated with a Business and History Degree. BD retired as a Reading Specialist in 2000 and I retired from the Food Industry after spending my whole working career in that industry. I'm still doing some consulting work for a Natural Food Company. Both of us are involved in volunteering and giving back to our church and community. We spend our free time in both Florida and Wisconsin. We are very proud of our two children: Chris who is a Biologist and Jennifer who is a Corporate lawyer. Between them we have three lovely granddaughters, Ella 6, Julia 5, and Ava 3 months.

What's Been Happening: I am retired after teaching AP World History and Russian History at Waukeasha South High School. I also coached boys and girls golf for those 38 years. I was inducted into the Wisconsin High School Golf Coaches Association "Hall of Fame" in 2004. Today I work as a teaching professional giving golf lessons at a local Country Club from April through October. During the winter months my wife and I visit with our two sons, our daughter and our five grandchildren. The years at La Crosse were special. No one who attended La Crosse could possibly forget "God's Country."

What's Been Happening: 1967 was a big year: married wife Audrey 1 April, graduated from University of Wisconsin-La Crosse in May, enlisted in the Air Force in August. Graduated first in computer class and assigned to the AF Data Systems Design Center in Washington, D.C. in January 1968. In 1971 the AFSDC moved from Washington D.C. to Montgomery Alabama with two children, Malinda and Matthew and I became a government civilian. Over the course of the next 28 plus years held various software and management jobs in that organization. In the 80's went Jones Law School at night and graduated with a Juns Doctor. In 1986 attended Carnegie Mellon University in Pittsburgh to learn the Capability Maturity Model for use in AF for software development. In 1989 attended and graduated from the Industrial College of the

Armed Forces at Fort McNair in Washington, D.C. In 1992 attended and graduated from the Advanced Management Program at the Information Resource Management College. My career gave me experience with systems software, applications software, systems integration and engineering, deputy plans and programs, deputy systems engineering and lastly acting and deputy controller until I retired in 1993. Now working for CACI as a Line Director responsible for a multimillion dollar annual contract. Going on 42 years with Audley and now have a fine son-in-law, daughter-in-law, 5 grandchildren.

What's Been Happening: After graduation in 1967, I married a local man, moved to the Cities, and taught 3rd grade for 2 1/2 years in the area before having 2 sons. Moved back to La Crosse 5 years later with my family. I remained at home raising my sons and doing some work in education, until I went back as an elementary teacher full time in 1983. I worked on my MEPD degree while teaching and remained in the elementary classroom teaching most of my remaining years in 5th grade. Retiring in 2003, after becoming a grandmother, I have continued subbing when needed at my former school, North Woods International School. Now with 5 grandchildren 6 and under, I enjoy spending precious time with them, traveling with my husband of 41 years and friends, playing cards, and enjoying movies, books, social gatherings, and water aerobics at the Y.

What's Been Happening: I am now a retired chemistry teacher having taught for 32 years. I earned my Master's Degree in 1978 after returning from Vietnam and teaching a few years. I met my wife in 1972, married in 1973 and are now celebrating our 35th year or being together. During this time, my wife and I have been very active at the Norkedalen Heritage Center in Coon Valley, WI and with American Field Service, a student exchange program. Both my wife and I have been very fortunate to be able to travel to many countries and learn their cultures. We always have enjoyed this as we have become so much more appreciative of the freedoms we enjoy in our country.

What's Been Happening: My 33-year career was launched by an excellent education at UW-La Crosse. I never forgot the lessons of sensitivity and caring taught by Ms. Marian Hammes along with her methods classes. "Make every student feel important and valued," she said. Students learn more when they know you care. Her impact was lasting. Friendships and activities at the Newman Center also helped shape my life and kept me grounded while at college. After graduation, I moved to St. Paul, MN, for a 1st grade teaching position with the St. Paul Public Schools. I had a varied and interesting career working with diverse populations from 1968 until I retired in 2001. I received an MA and a Specialist's Degree in Educational Administration from the University of Minnesota early in my career. I enjoyed leadership positions as Title I Preschool Coordinator, Assistant Principal, and Principal for a total of 30 years. I started a Spanish Immersion School in 1986. My career was rewarding and I never stopped learning. I married Randy Czeswik in 1987. He is a businessman. We enjoy family and friends, our cabin on Lake Superior, biking, opera, theater, travel, and learning of all kinds. Randy's passion is international affairs and mine is cooking; so we have much to share! I have no children, but be blessed with our mothers whom we care for and nieces and nephews who are important in our lives.

What's Been Happening: I served in the Republic of Vietnam, 1970-71 and returned to the family business, the Dickinson Family Funeral Homes. I became president in 1980 and retired in 2002 after thirty three years as a funeral director. I have been a member of Rotary since 1972 and will serve Western Wisconsin as the District Governor in 2009-2010. My involvement in Rotary has taken me to Japan, a return visit to Vietnam, Denmark, Sweden and Nigeria where I participated in a National Immunization Day. Rotary's Polio Eradication Initiative has seen 2 billion children immunized. Rotary hopes to announce the complete eradication of polio by the end of 2010. My wife and I are parents of two great kids, Manissa, a 2004 graduate of St. Olaf College and our son, Tyler, a senior at the University of Minnesota. We enjoy travel and spending time in our vacation home in San Diego.

What's Been Happening: Left La Crosse for Colorado, where I taught junior high and met my Air Force husband. Moved to Warrensburg, MO and was a graduate assistant in Communications, got my MA, moved to WI and taught at UW-Stout, then on to NY, NJ, and MS while husband finished his AF career. Taught English and Speech at various colleges, had two sons, was serious room mother and sports fan! On to Colorado Springs for 12 years to raise children, teach, write sports columns and special features, and become an active community volunteer. In 1996 husband Lee and I moved to Longwood, FL outside of Orlando where I started public relations career first in boutique hotels, then VP of Communications for state hospital association, and now have my own PR firm. National professional development and motivational speaker, Packers fan, grandmother of two. Play tennis and golf and swim almost year round. Life is good.

What's Been Happening: This old Phi Sig is starting his 40th year in public education. I've lived in the La Crosse Area ever since coming to La Crosse State University in 1964. I received my BS in 1968 and MS in 1974 from UW-L and my Specialist Degree in Educational Administration from Winona State in 1983. My wife, Mary, a retired music educator from the School District of La Crosse, and I live in La Crosse, Wisconsin. My daughter, Amy, a graduate from UW-Stout and her husband, Chris, live in the Twin Cities Area. Some of my professional career accomplishments include: Creating the 2nd elementary charter school in Wisconsin, the School of Technology and Arts, while working for the School District of La Crosse; serving as a consultant for fifty-one other school districts in the State of Wisconsin as they planned and/or implemented charter schools; assisted the Wisconsin Department of Instruction in developing the State's Charter School federal grant application and approval processes; served on a special committee that created the State of Wisconsin Charter School Association; and recognized by the Wisconsin Charter School Conference, the Wisconsin Department of Instruction and the Governor of the State of Wisconsin for my efforts in bringing school choice to public education in the State of Wisconsin. I'm proud to be a UW-L alumnus! Go Eagles!

What's Been Happening: I have just completed my term as President of the UW-L Foundation. It was an incredible time, being part of laying the framework for the Centennial Campaign. UW-L is continuing to create an environment that will meet the needs of the next generation of learners. Professionally, I am enjoying my third career serving as Executive Director of the Wisconsin Biotechnology and Medical Device Association, with 300 Wisconsin companies as members. The best news of 2008 will be the safe return of Marlene Darn from her third tour of duty in Iraq.

What's Been Happening: After graduating from UWLI in June of 1968 I joined the St. Paul Companies and became a bond field supervisor. I was fortunate to move up through the ranks over the next 21 years, reaching the level of Vice President in charge of the fidelity and surety operations of this multi-billion dollar insurance company. I left the St. Paul and joined the national largest insurance broker, Marsh & McLennan as a senior vice president. Three years later I returned to the company side of the insurance business joining Northland Insurance Co. for a new financial services division. After nine years, the company was sold and I took advantage of a golden parachute and retired to the Nashville, TN area. I was married in April of 1971 and have three wonderful children. I live presently lives in New York City and is Director of Marketing for Eltrade. Bryan also lives in New York City and continues to pursue his dream of securing a starring role on Broadway in musical theater and also works as a concierge at the Four Seasons hotel. Mark lives in Lake Mary, FL and is a business analyst for Liberty Mutual Insurance Co. My first wife and I were divorced in 1987 and I remarried my wonderful wife Nancy in 1989. We share a passion for music, the arts, golf and travel. Nancy is an interior designer with Tennessee's largest furniture retailer.

What's Been Happening: Shortly after graduation, I began my career in sales and marketing (which stemmed from an on-campus interview with Oscar Mayer & Company). The following year I married Judy Sosnowski (Class of '69). Together we raised two boys (Adam and Ryan) and retired in 2003 to beautiful Sedona, AZ, where Judy is a very busy Hospice volunteer, and I am back to full-time plus as a consultant to the food industry. Thanks to UW-La Crosse, I found the love of my life (we're coming up on 40 years) and my life's work. Does it get better than that?

What's Been Happening: Our 17 year old daughter began her freshman year at Northern Arizona University in Flagstaff as a math major this month. Taking her to school brought back many wonderful memories about my four years, living on the La Crosse campus and preparing for an interesting life of joy and contribution. La Crosse gave me a great foundation for lifelong learning! I recently retired as an educational administrator after 39 years in public education. I have not "hung up my boots," however! I continue to provide strategic planning and leadership consulting through the International Haines Centre for Strategic Management. Education is second only to parenting as the most important career in the world!

What's Been Happening: I am pleased to inform you that my fourth novel, "Secrets on the Family Farm (1951)" is now available on Amazon. This novel is set in Wisconsin. The setting of "The Garden of Kathmandu" is Nepal (1976-1977). My books are historical fiction. I'm currently working on "Return to Kathmandu," which occurs in 2001, when the Crown Prince of Nepal assassinated most of the Royal Family just before 9/11. When I'm not writing, I'm working on an oil painting or doing sculpture. I also spend time with my wife, Gen, three children, and twin granddaughters, Ava Rose and Lily Belle, born on Dec. 6, 2007.

What's Been Happening: In 2007, I retired from the School District of Holmen after 38 years of teaching. I taught physical education to high school and middle school students from 69 to 74. With a new certification in English I began teaching "Language Arts" to 8th graders in 1974. After earning my MA in English in '82, I continued on at Holmen Middle School. English as a Second Language became my first certification. I worked with 6th grade ESL students from 2004 until my retirement. What the previous aspieptic words do not reveal is that teaching was far more than a vocation for me - it was a calling. At present though, I really enjoy sleeping past 6 a.m. I met my husband Daniel L. Moe in 1984, and we were married in 1985. Our son Tyler was born in 1987. He is a senior at the University of Minnesota majoring in psychology. His apple did not fall far from my tree - we are both confirmed sequepedalists. Currently, I volunteer 2-3 hours a week at the Onalaska Care Center reading to residents, playing cards, and sharing my pet therapy dog Sherlock (6 lb. black toy poodle). I am also free now to travel, visit my family in Milwaukee, and read 2-3 novels a week. I highly recommend an exodus from your current posting to the joys of retirement.

What's Been Happening: I graduated from UWL in 1969, and am so thankful for all the wonderful experiences I had at La Crosse. I enjoyed my four years on campus and as a two year member of Alpha Kappa Delta fraternity have memories that have lasted a lifetime. I felt perfectly prepared for my career in education, and retired in 2005 after thirty-six amazing years as a teacher and principal. I loved my work, and am continuing to enjoy my life in retirement. I thank all the friends, coaches and teachers that shaped my life and gave me the skills necessary to enjoy a wonderful life. My Appreciation to All, Dave Morley

What's Been Happening: I have spent 90% of my career in healthcare, a far cry from a Park and Recreation Major, but the pay and benefits were too attractive to ignore. I worked for Becton Dickinson in sales in Madison, WI and then moved to Pittsburgh, PA where I met my husband Dick Navarre. I was recruited to join Abbott Laboratories, where I worked in Sales, Sales Management and ultimately Marketing and eventually moved with my husband to Grayslake, IL. I retired after 21 years in 2003 and then the fun began. I started my own consulting company where I now provide personal coaching as well as training programs for entry level and mid level managers for corporations! A great gig! For fun, I am President of the Grayslake Farmers Market (www.grayslakefarmersmarket.com) the oldest and largest Farmers Market in Lake County, IL. This has afforded me the opportunity to finally use the leadership skills I developed at UWL and to leverage my business and marketing skills for my community. It affords me the opportunity to work closely with local organizations as well as Village & County Government. Additionally my husband and I own a used bookstore in Grayslake - This Old Book (www.thisoldbook.com). Stop in and visit. We plan to continue our retirement here in Illinois. I have three stepchildren and 5 grandchildren who all reside in Pittsburgh, PA.

What's Been Happening: I remember how much I enjoyed being on Panhellenic Council during 1967-69, as I was able to meet and work with women from all of the sororities on campus. The "Greeks" did a lot of great community service which was excellent practice for being future good citizens in our communities. I retired in 2005 after 35 years of teaching first and second grade. It was a rewarding career and I have also enjoyed substitute teaching the last 3 years. My husband Jim Nelson is also retired and we enjoy visiting our two daughters and their families which include three granddaughters.

What's Been Happening: May 31, 2008 I retired after 39 years of teaching. The first 9 years were in Wisconsin and the last 30 in Arlington, Texas. In Texas, I taught Special Education and ended my career teaching AVID and Texas history. I am now an Educational Specialist doing staff development for districts in the area. My husband and I teach ride Harleys and will be coming to Milwaukee to help celebrate the 105th birthday party of Harley-Davidson over Labor Day, 2008.

What's Been Happening: I started teaching Kindergarten full time, subbed during the Vietnam war time, did day care (set up like a nursery school), worked in the business world, and most recently am working in equine therapy. I am a certified riding instructor through NARHA, and am teaching at a facility for handicapped riders. I am also working with my sister doing mental health horse therapy. We are running this business all our family farm, of 151 years, at the Flying Horse Stable. We are able to teach many children, teens and adults, and are able to see how the horses are the therapists.

What's Been Happening: Currently my husband, Howard and I enjoy retirement from UW-Stout where I spent 33 of my 35 years of professional service to athletics and physical education. My career included coaching swimming, track & field, cross country, and basketball, as well as athletic administration and teaching. UW-La Crosse provided me with a great educational start. Minnesota State - Mankato gave me experience through my master's program, and UW-Stout offered me many challenging career changes within one university. We have two adult children. Diane attended the University of Tennessee as a track athlete. She is a NCAA All-American in the discus. Mark attended the University of Minnesota-Duluth where he played D1 football. As you can see, the love for athletics continues through the family.

What's Been Happening: I've been in Cleveland since January 2004 working at Cleveland State University. Recently I was promoted to the position of Assistant Director for Technical Services at the University Library. I live in Cleveland EcoVillage, a redeveloping neighborhood on Cleveland's near west side. In the spirit of eco-living, I started an urban farming business with a couple of neighbors. It's called EcoVillage Produce; we sell our vegetables at our new Ward 17 Farmers' Market. Life is good!

What's Been Happening: After graduating from LaCrosse in 1970, I taught elementary physical education in Brown Deer, WI. I coached track and ran a recreation gymnastic program for K-8th grade. In 1975 I left education to sell x-ray supplies and services for 1 year and later returned for two more years in 1981. Between those years I returned to teaching in the Muskego-Norway School District. In 1981 I left to work on my masters which I completed with Aurora University. I will be retiring from Muskego in June 2009 after 35 years of teaching. I have worked over 25 years with Jump Rope for Heart and a life long member of Wahpeton. I taught physical education K-12 and middle school health. I worked with our physical education department to implemented a health program in 1979. During my years at Muskego, I have coached high school diving, tennis and track. I also coached middle school basketball and volleyball. In 2000 I started a track club and had three conference championships. I have a daughter, Re'anna from my first marriage. My wife, Trish and I have two daughters, Debbie and Nicki, both are married and we have three grandchildren. Casey, Jenna and Gabby. Nicki is expecting a second child in May. When I retire Trish and I plan on traveling. We have been to the British Isles, Hawaii, and numerous places across the USA. We can't wait.

What's Been Happening: Retirement to Florida has been

wonderful these past five years. I do come back to La Crosse

and stay at my cottage overlooking Lake Onalaska each

summer. I teach summer school art at Logan High school and

work for a tour company called EF Education. My tour group

met with others and we went to the Cinque Terra in

Italy and Lake Como. Both are great past time jobs. I have

been elected to President of the Buckroot Bratwurst

Memorial Foundation in Williamsburg, VA. It is a charity that

promotes Episcopal Education in Virginia with a hope

somebody to have a school in Williamsburg, VA. Last year,

I stayed in Williamsburg and had our meeting there during the

same time as the arrival of Queen Elizabeth and her husband.

The clothing she wore was grand and her carriage was so

beautiful. The BMF also got invited to tea with the Queen.

That was exciting!

What's Been Happening: After 36 years in the education field I still believe UW-La Crosse was a great place to start! I have been a classroom teacher in public, private and charter schools. I have taught in four states and have worked with students at every grade level. Spending my last five years as the Dean of Students and Gifted Ed. Coordinator at a large suburban Catholic School. By 2012 I'll be ready for new adventures. Coincidentally I am working with other UW/La Crosse, Carrie Spandl and Miranda O'Brien (they are fabulous young teachers). The School of Education is still successfully preparing young men and women to lead as teachers. Best UW/LC memory? Traveling to California in '69 - 70 and marching with the Chiefs in the Rose Bowl Parade! Of course performing the half-time shows at many Packer games is right up there near the top as well.

What's Been Happening: After serving in the Army, I have held positions in five business sectors including publishing (editor, book editor, and writer); Production (Customer Service Manager, Sales Service Manager, Office Manager; Health Care Senior Editor-Accreditation Standards; Financial Services Training and Education Coordinator; department manager in Retail. I am now coordinator of the Evening Program at the College of Office Technology in Chicago, Illinois with responsibility for the operations of nine academic programs within the night program. I also am an instructor and teach English and Career Development at the College. On other fronts, I have been involved in over 28 political campaigns in Chicago including two mayoral (Washington and Daley, Jr.) where I was a district coordinator and I have helped coordinate numerous legislative (Illinois and Federal) campaigns. I am also past president and an executive of a community organization and volunteer as a ESL teacher at several charitable organizations in Chicago. I am married to Maureen Massart-Reardon, an Occupational Therapist, and have a home on the Northwest Side of Chicago. In my spare time (?) I garden and collect, of all things, Jell-o advertising. So...I have had a really dull life since leaving La Crosse!

What's Been Happening: I retired from the Department of Justice in 1993. I am an avid golfer and enjoy living in the desert Southwest where it's golfing weather all year long.

What's Been Happening: Retired in 1999 from teaching physical education in the Milwaukee Public School system I'm enjoying a leisurely lifestyle, which includes travel and lots of recreation. Five months are spent in FL. I still have a passion for sailing. Also enjoy getting out on the bicycle daily. I just hope I can do this routine for about 30 more years, or so.

What's Been Happening: I taught elementary physical education for the Beloit Turner School District for my entire career from 1970, retiring in 2006. I married Tim Stien in 1970 and we raised our son and daughter in Rockton, IL. Both children are married and we have 4 grandkids who live in this area. We've also hosted 11 foreign exchange children through the years and are still in contact with them plus have 10 "exchange" grandkids too! We have travelled to Europe many times to visit them and most have returned to Rockton to visit us. In retirement, I enjoy reading, swimming, quilting and spending time with our children and grandchildren.

What's Been Happening: After graduating in 1970 I moved to Detroit to work for the VA while completing an MS in Biology from Wayne State University. I then was employed in medical research (cancer, arthritis) and as a chemist. I later enrolled in a PhD program under Lida H. Mattman, PhD (Microbiology) but prior to completing it, I decided to dedicate my life to being a chiropractic physician after having a dramatic improvement in my overall health through spinal correction. After completing my DC degree at the National College of Chiropractic (now the National University of Health Sciences) in Chicago in 1979, I worked for one year (Research) at the Cleveland Chiropractic College in Kansas City. For the last 25 years I have been in solo practice in Oklahoma and Missouri. I became a certified homeopath in 2005 (that took seven years!) and I combine the natural healing methods of acupuncture along with homeopathy and chiropractic. Divorced with no children (except for my only cat!) my hobbies include quilting, gardening, oil painting, crossword puzzles and putting around with manuscripts that never seem to get completed, as well as emailing friends all over creation.

What's Been Happening: It's been a long journey since my graduation from UW-LA in 1971 with a BS in Bus. Adm. I'm a lifetime resident of our beautiful Coulee Region. I've had 3 vocations, starting as a Manager for K-Mart Corp. for 16 1/2 years, then Transportation Director for the Holmen School District for 3 years, and finally known as "Realtor Randy" for Gerrard Hoehsler for the last 16 years. I built a Spanish Style home in Apple Valley, Onalaska for my wife, Aura Marina, who was born in El Salvador, C.A. We have a daughter, Jennifer and grandson in Minneapolis, MN, and a son Kristopher and 4 more grandchildren in TX. I enjoy antiquing, biking, golfing, skiing, and road trips to see the gorgeous scenery and historical places of the U.S. I'm a member of First Ev. Free Church, and I'm very blessed and thankful to live here and in the US of A.

What's Been Happening: In January 2006, I retired from the Central Intelligence Agency after just over 36 years of service. I began work there in October of 1971, just months after my graduation from UW-LA. In my last assignment, I became infamous, and if you do a GOOGLE search on my name, you can find out why.

What's Been Happening: In the summer of 1971 I took a job teaching Physical Education at Sauk Prairie Middle School in Sauk City, Wisconsin. That was my employment for the next 36 years. It was great! In those years, I married my husband John, and had two children (Sean and Sarah). He is married (to a La Crosse grad) and is a marine biologist in Rhode Island. Our daughter is in Minnesota and is employed by the Target Corporation in the Commercial Division of their Interior Design program. I retired from teaching in 2007. Now I have more time for quilting, painting, and clogging. Favorite La Crosse memory was doing things with my friends Cheryl Hopson, Linda Sendorhoff, and Gail Dalsky. Second on the list would have to be dancing with the La Crosse dancers.

What's Been Happening: I moved to Winona, MN, after graduating from UWL. I taught for 34 years in the elementary and middle schools in Winona. Since I retired in 2005, I've been busier than ever! I was married in 2001 to my kindred spirit, Tom. We love to travel and have been in all 50 states plus several countries. We have a travel trailer and love to 'get away from it all' by spending time enjoying the beauties of Nature. We have a home in Winona and winter in San Benito, TX, where we have a small park model trailer. I am enjoying having the time to express my creative side in writing and photography. Life is good!

What's Been Happening: Just before graduation, I married a boy from my hometown. It stuck, and 38 years later we are still best friends. The greatest joys of our lives are our children and grandchildren. Tyler, our oldest, is a high school teacher and part time college professor. Tyler and wife Ali have two beautiful children. Ava age 3 (going on 9) and Casey just 3 months old. Tim, our youngest, works for his dad at a successful corporate communications company. Tim and wife Angie have a boy, Jason age four, who can recite every monster truck ever made. After graduation from the University of LaCrosse, I taught elementary physical education for 17 years (with brief timeouts for childbearing) and then began working part time for my husband's business. I have volunteered for 8 years at our local humane society walking dogs and fostering about 25 pregnant cats. Of course, that means

that I also nurtured about 100 kittens until they were eventually adopted. I totally enjoy every minute I spend with animals and only adopted one dog in the process. Three and one half years ago, I began a new career as a realtor. Not the best timing given the economy, but I am enjoying it. Our favorite place to be is Florida, where we are blessed to have a condo on the beach. Love it!! I have very fond memories of people and events during my years at UWLC.

What's Been Happening: Child of the 50s, student of the 60s, slave of the 70s, 80s, 90s and now the 21st century (saw this on a t-shirt somewhere). Attended La Crosse State University, Wisconsin State University - LaCrosse, and finally University of Wisconsin-La Crosse between 1966 and 1971. Spent two (2) years in Laux Hall, a men's dormitory. Remember watching the old Star Trek in the basement community room, changing sheets once a week, and all the friends I met there. Currently live in Omaha, NE working for a German agricultural machinery manufacturer CLAAS. Have traveled/lived in many places, inside and outside the country, and still find La Crosse, the Coulee Region, Italy, God's Country. Miss the LaCrosse Oktoberfest celebration (they knew how to burn those brats just right), the pizza at La Crosse (do you remember Pizza Villa, Pizza Wagon?) the Bluffs, the Mississippi River, and the Friday night fish fries and a lot of other things about La Crosse. Maybe someday I will be lucky enough to retire there.

What's Been Happening: This is the beginning of my fifth year of retirement. I ended my career in education as an elementary principal in the Manitowoc Public School District. My husband and I bought a home in The Villages, FL in June of 2006. We have the best of both worlds by spending summer in beautiful Wisconsin and winters in warm Florida. I have very fond memories of my days at UWLC. I will always remember the good days, the good times, and the good friends!

What's Been Happening: After graduation from UWL, I taught and coached at Roosevelt Jr. HS, Appleton, WI, and left there to start on my master's degree at the University of Wisconsin-Whitewater. I married Kirk McGraw and we have 3 children and own and operate 8 McDonald's Restaurants (in the Springfield, IL area) and own several hotels spread between IL and IN. Our oldest child, Jenna is 29, a Purdue University graduate, and after leaving a TV news job in Orlando, FL, is now running our hotel businesses. Mike, 25, is an Illinois Wesleyan University (Bloomington) graduate where he played 4 years of basketball. The Titans finished 3rd in the country in Mike's senior year. After college he began as a bank loan officer and is now training to become a McDonald's owner/operator - this was his plan after his junior year in college. Our youngest, Christina, recently graduated from The University of Illinois at Urbana-Champaign with a degree in sport management. She is currently employed by Coach Lon Kruger and the UNLV men's basketball team where she assists with the marketing of the team. We recently moved from our Littlefield, IL, home and built a new home on Lake Lou Yaeger, also in Littlefield.

What's Been Happening: Following a BS in Chemistry from UW-L, & Grad School at Univ. of Mich., our family spent 34 years in Midland Michigan. Dave was employed by Dow Coming for 31 years all in Materials Development authoring 43 patents with 32 making money for the firm. The role, invent materials & build businesses. Dave also wanted to build a business for himself. In 1966, he created an investment Advisory firm, Tempo Investments Products, Inc., while continuing to work at Dow Coming. Retiring from Dow in 2004, his hobby business became his profession and his profession. Polymer Science, became his hobby where another patient has been applied for. As of 2008, Tempo Investments manages nearly \$20 million for 43 clients in 11 states. Our Son, Brent, is a partner in the firm. He is an engineer for Boston Scientific in Minneapolis and manages investment assets in and around Minn., Wisc and other states. Elizabeth, who attended UW-L Grad School following degrees in Chemistry/Biology from Queensland Institute of Technology in Brisbane Australia is an extensive volunteer especially in SAMS food pantry, the second largest in Midland County. Our daughter, Adrienne DeBart, a '98 grad of UW-L in Science Education, is Science Technology Coordinator of West Middle School in Denver Colorado. The Romenesko Family Scholarship in Chemistry annually supports a full Tuition Scholarship for a UW-L Jr/Sr Chem major.

What's Been Happening: After graduation from UW-L I worked several years at the Manitowoc Two Rivers YMCA. We then relocated to Madison, where my son Christopher was born in 1974. I accepted the position of Director of Recreational Therapy at the Shriners Hospitals for Children St. Louis unit in 1975 and still continue my rewarding work there today as Director of Child Life and Recreational Therapy. My daughter Jennifer was born in St. Louis in 1979. I was divorced in 1992 and married my next door neighbor, Nick Sacco in 1995. Nick had three children and our family has now expanded to include 8 wonderful grandchildren with another on the way. Although I left Wisconsin it will always hold a very special place in my heart. I will always treasure the great memories of growing up in Beaver Dam and my wonderful years at UW-L. My friends in Angel Hall and my AOTL sisters will always be very special to me and I am thankful for the great years of 1967-1971 that I spent there.

What's Been Happening: Life in retirement has been enjoyable. I have been able to travel the world and explore. During my career at Carroll University, I had the opportunity to set up programming in Europe and Central America. I have special memories of my years as a student at UW-LA and how well the university prepared me for my profession as a university professor in the field of physical education. For that I am very grateful. I have met graduates of UW-LA during my travels. We all agree how thankful we are for the quality of the education we received at UW-LA. At this time I am enjoying my time with our grandchildren and helping them in their skill development. Both my daughter and son-in-law are UW-LA graduates and physical education teachers.

What's Been Happening: I got a B. degree from the University of Wisconsin-Madison in August 1973. I began working for the U. S. Bureau of Mines at Albany, Oregon in April 1974 and retired from the Rock Island Arsenal at Rock Island, Illinois in September 2003. My favorite memories is my vacations on the Gold Coast, Australia. I am single, never married, and no children.

What's Been Happening: I attended UW La Crosse only for my graduate work, receiving my ME in English in 1971. I continued teaching at Westby High School until 1980, when I retired and went to live in Woodruff, Wisconsin. After my husband died in 1984, I continued to live there, working at the Senior Center. In 1994, I moved to Waunakee, WI, where I am involved in various volunteer activities.

What's Been Happening: Since leaving UW-La Crosse, I spent most of my career as a Physical Education teacher in the Milwaukee Public Schools. In addition, I enjoyed coaching high school athletics. I retired in 2005 and I now have plenty of time for travel and golf. My wife Linda and I have great memories of living in the La Crosse area where I not only enjoyed school, but also hunting, fishing and playing flag football with "The Mainliners." We continue to live in the Milwaukee area, and our grown daughters reside in Chicago and Madison.

What's Been Happening: After completing 35 yrs. teaching college-prep English at the high school level, I am now retired and pursuing my avocation, writing. Recently, I had a curriculum book published for the teaching of Tom Brokaw's "The Greatest Generation." I am grateful to UWL for the quality of education I received and for the fact that I was prepared to enter the classroom, allowing me to successfully impact students' lives. In a day when so many institutions have "lowered the bar" just to increase their enrollment, it is reassuring to know that UWL still maintains high expectations. I am truly proud to say that I am a product of this great university!

What's Been Happening: Spent 7 years as a P.E. teacher and coach in Prairie du Chien and went on to Ohio State to obtain my Masters in Sports Management. Came back to La Crosse as the head gymnastics coach and was promoted to Associate Athletic Director. After 5 years, I moved to California where my husband, Rob Bryson, and I opened Gymnity Kids Gymnastics in 1987. We are still going strong at our Rancho Bernardo location and see over 1000 kids per week. We sold our Oaksdale location in November of 2007 in an effort to slow down a bit. Best wishes to all!

What's Been Happening: After teaching 5th grade for five years at Greenland School in Oconomowoc, I stayed home for 12 years with my children, Ryan and Thea. When Ryan was entering 6th grade at Riverside Middle School in Watertown, I went with him, as first the tutor and then 8th grade Social Studies teacher. I opted to retire early at age 55, but am kept very busy substituting at RMS. I consider myself very lucky to be able to continue teaching (the teachers' plans rarely let me just sit back and show movies), yet avoid all of the planning, grading and meetings required of full-time teachers. My husband, Rick, will retire from the Union Pacific Railroad in June 2010 after which we plan to continue to pursue our love of traveling as much as possible.

What's Been Happening: After graduating in 1972, I went on to receive my MFA in Theater Design from Oklahoma University. I taught at UWL for 3 years and at Arizona State University for 6 years before becoming involved in digital education in the late 80s. I am currently a writer and web publisher. I created and maintain two web sites that have educational/entertainment themes: IncWell.com and iPUPFiction.com.

What's Been Happening: In June I ended my 35 year teaching career. Although I loved teaching a variety of English and Speech classes—I decided that the time had come to give myself some free time. Hours and hours of grading papers had restricted what I could do. I am now working part time at the local pharmacy, a job that offers a variety of new challenges. I am starting to make plans for the future which might include a move to the state of Washington and a stint in the Peace Corps. I guess that time will tell. One of my passions has been traveling. I have hiked in 8 different countries in Europe and have visited El Salvador on two mission trips. Another passion has been running. Although I haven't run a race in several years, I continue running for exercise. Recently, I reestablished a friendship with a fellow UW-La Crosse student and hope to do the same with others with whom I enjoyed my days in La Crosse.

WILL'S Been Happening: Sure have been gone a long time. I am now in my 35th year of teaching music and hope to retire at the end of this year. I certainly have the most wonderful memories of life in La Crosse and my teaching career. My husband, Ron, and I have also been married for 35 years and continue to count our blessings. We have two sons who are very athletically gifted and are both professional football players. Our oldest, Chris, was originally with the Arizona Cardinals for three years and is now with the Georgia Force, an AFL football team. He has a wonderful wife, two daughters, and a new son. Our youngest, Nick, is in his 7th year with the NFL. He was drafted by the New York Giants, and after four years with them, he spent a year with the Jacksonville Jaguars, and is now in his second year with the Baltimore Ravens. Nick was married this last February and he and Caroline are now expecting their first child in January. Life stays interesting and memorable! After 13 years in the Berlin! Ripon area, we have now spent the last 22 years in Door County. Please give us a call if you are in our area!

What's Been Happening: UWL was a good place to be in an era of war, violence and uncertainty. Most students took a peaceful approach to protest which had a tendency not to alienate people in the city and across the state, and I think we achieved our goal. We as a nation don't seem to protest en masse anymore to alleviate the hardships this country imposes on other cultures to supply our need for energy and power. Maybe someday, peace will guide our planet and love will steer the stars.

What's Been Happening: I: Friends. My life has been blessed with two great children, 3 awesome grandchildren, a wonderful wife of some 38 years, Kathy "Dorban" Hutchcoon, Class of 1970. I have lived and worked in Southern California, Montana, and WI and now have a retirement home in Colorado Springs, CO. I enjoy the ocean and the fish that swim there, the mountains and the trophies that dwell in the high country. I believe that I have been blessed because of my faith in God. We are all on a journey and it is wrought with challenges but with faith all things are possible.

What's Been Happening: I married Tom Kubala in 1973, and taught elementary school for two years in Burnsville, MN until we had our first child. In 1981 we settled in Cedarburg, WI, where Tom and his partner started their own practice, the Kubala Washkato Architects. We have five grown children whom we had a lot of fun home-schooling for much of their younger years and spent 4 months camping with them across Europe in 1987. I have been actively involved as a member of the Bahai Faith my whole adult life. I have also worked with high school and college students through the NAACP as the director of a leadership in diversity program for twelve years. I am active in the local League of Women Voters and enjoy gardening. Three of our children are married and we are looking forward to being grandparents in the summer of 2009!

What's Been Happening: After graduation I worked in La Crosse for 3 years at Dairyland Power Corporation. Move to Anoka, Minnesota and in August, 1978 moved to San Jose, California. In 1981, I joined IBM in the Data Base area and have held various technical and management positions. Currently I manage a development team and a number of Global Data Centers for the High Performance on Demand organization.

What's Been Happening: Married to Sandra Pzik 35 years...3 children; Jerry, Kristen and Nancy Pzik; one granddaughter Marissa. Currently working for a consumer products company as Vice-President of Sales responsible for East Coast and national accounts with CVS, Rite-Aid, Walgreens. Still enjoy sports, having run several half-marathons in NY, California, Florida and Ohio. Enjoy golf, vacations and rooting for Badgers. Family vacations, holidays and time together, along with friends and good health make life bearable as we get a little older...

What's Been Happening: After graduating from UW-La Crosse I taught 2nd grade for 5 years, earned a MA degree in Reading Education and was a Reading Specialist in Hartford Public Schools for 2 more years. I then had the opportunity to work for Holt Rinehart & Winston as a Reading and Math Consultant for their elementary textbooks. I moved to the Detroit, MI area and have lived here since that time. In 1985, I started working for Electronic Data Systems (EDS) to learn more about computer services and was promoted to various levels of management. To my surprise, we're all second graders, we just get older! I enjoyed managing teams of people and in such a large company met many people from around the world. In December of 2007 I accepted an early retirement offer. My husband Larry and I have done a great deal of traveling in 2008 and now I'm anxious to go back to work - at least part time. I fondly remember my days at La Crosse with many smiles and hope everyone else does as well.

What's Been Happening: After a successful career in the insurance industry of almost thirty years and a brief retirement I decided to become a stock broker. After doing comprehensive wealth planning and management for Smith Barney for a few years I decided to open my own practice in November, 2006. My son joined me in March of 2007 and we own Richmond Financial Services, LLC, conveniently located in Mequon, Wisconsin. We do financial and estate planning with a focus on wealth planning and management of assets. My wife Elaine that I met at LaCrosse and subsequently married, celebrated our 35th wedding anniversary in May. We have three healthy adult children and now we have been blessed with three grandchildren. We have many many fond memories of our days at LaCrosse University. We have included the LaCrosse Foundation in our estate plan. Even though we do not get back often we still feel attached.

What's Been Happening: My wife Elizabeth (St. Francis School of Nursing '66) and I have been in the Charlotte, NC area since 1981. We have one grandchild, Joshua, who is hoping to get an appointment to the Naval Academy for the fall of '09. I have been selling industrial equipment for the past 20 years in the Carolinas. The nice thing about approaching retirement in the Carolinas is that I don't have to go anywhere.

TINSLEY, Mrs. Linda Kathleen, PhD (Linda Soukup); BS; MS Natl. Lewis Univ., PhD Loyola Univ.; Elem. Principal, Bluejacket-Film Elementary in Shawnee Mission, KS. I am married to Jim Tinsley, who is a high school principal in Missouri. We live in Shawnee, KS. I completed my PhD in 1993 and my degree is from Loyola University, Chicago. My favorite thing to do is travel and the most recent excursion was a 2 week trip to China. My favorite memory of the La Crosse was living with 4 roommates (Paulette, Martha, Laurie & Sue) in a house on 7th St. This was my Senior Year 72-73. Celebrating my last Octoberfest in La Crosse was a highlight, as we housed over 20 people in our home. Back then, it was a very wild time! I dated Larry VanDyke and wonder to this day what he is up to. We lost touch after I moved to Illinois. My best friend was Paulette Strong, also a graduate of UWL. We were made of honor in each other's weddings. Paulette continues to be my dear friend and lives in Lawrence, KS.

What's Been Happening: After graduation, I became a third grade teacher in Lake Forest, Illinois and taught for 13 years. In 1986, I became an elementary principal and continue to be in that profession. Presently, I am the principal of Bluejacket-Film Elementary in Shawnee Mission, KS. I am married to Jim Tinsley, who is a high school principal in Missouri. We live in Shawnee, KS. I completed my PhD in 1993 and my degree is from Loyola University, Chicago. My favorite thing to do is travel and the most recent excursion was a 2 week trip to China. What's Been Happening: Loved my time at La Crosse and miss all of my friends that I've lost contact with over the years. Married with two children, my daughter is a UM-Duluth graduate in theater and my son has a history degree from UW-Stevens Point. I am in The Twin Cities until August of 2009 and then will retire and move back to the Wausau area. I enjoy hunting, fishing and spending time with family and friends.

What's Been Happening: Life has always seemed hectic, probably because there is so much in life to see and to do. BUT, since retiring in June, 2007, there's hardly time to sit down! I have the wonderful opportunity to be with my two granddaughters (20 months old) while my older son (the entrepreneur) and his wife (from West Allis) take their business on the road. This is almost better than being a parent the first time around! Meanwhile, my younger son, his wife, and my grandson Ralph live in Waupaca. My husband of 35 years would dearly love to retire, but I'm trying to persuade him to hang on since he really would be happy without his daily job. On the "dark side," I am the major caregiver for my mother who is currently on chem treatments for her lung cancer (as a non-smoker). Although I love being with my mom, this duty can't be not only physically wearing but also emotionally draining. HOWEVER, as a graduate of UW-L, I can handle almost anything!!!

What's Been Happening: La Crosse has been my home since coming here for college in 1970. I got married in La Crosse to Dick Kish, a local electrical contractor, in 1974, graduated in 1974 and we raised three daughters, Lori, Jamie and Amber. I have worked at Kish and Sons Electric, Inc. since 1975 learning on the job accounting. Lori and her husband, Jon Walters live in Oak Creek, WI where they are both teachers and have a one year old son, Dominick Richard. Jamie and her husband, Adam Hunter live in La Crosse, WI - they just moved back from Atlanta, GA. Jamie is an Anesthesiologist Assistant and Adam works for Fire Protection in Bangor, WI. They are expecting their first baby in March, 2009. Amber is a teacher of children with autism in Rosemount, MN and lives in Engen, MN. She is planning on relocating to La Crosse in June, 2009. La Crosse is a wonderful place to raise a family and we are so thrilled to have our children moving back to this area.

What's Been Happening: After leaving UW-La Crosse I worked at the Manitowish-Two Rivers for 17 years. While there I coached the 1st swimmers from the area to the National YMCA swim meet. I left the YMCA after serving as the Physical Director, Tennis Pro, and Associate Executive Director. Since then I have, during overlapping periods, owned a Screen Printing shop (17 years), sports bar (17 years), Nelson Sign & Graphics (10 years & currently), I am a full time realtor with Coldwell Banker - The Real Estate Group. My wife and daughter, Heather, run the sign shop while my son, Trent is an attorney with a local firm. Since my time at the YMCA I have been very involved in charitable fundraising. Currently my wife, Pat, and I run Spaghetti Italiano with 2 friends of ours which raises \$10,000 @ year for a local hospital and my family and I run the Linda Dworak Memorial Golf outing, now in its 4th year, and have raised over \$18,000 for the International Breast Cancer Research Foundation.

What's Been Happening: After graduating in 1975, I taught fourth grade at Sacred Heart School in Marshfield, Wisconsin. After three years at Marshfield, I accepted a fourth grade teaching position at Black Hawk School District in South Wayne, Wisconsin where I am currently working on my 34th year of teaching. My husband and I teach next door to each other as he is also a fourth grade teacher. I received my Masters of Education Professional Development Degree from UW-L in 2004. I married Ronald Doersam on April 21, 1979. We have two children, Robert, a UW-L music education graduate who teaches in Genoa City, Wisconsin, and Amanda, who is an administrative assistant for Wisconsin Therapists in Beloit, Wisconsin.

What's Been Happening: I travel a lot for my company as a traveling optical officer. I have been in the industry for the last 33 years. I so enjoyed my college years at UW-La Crosse. I feel like I just graduated a few years ago but unfortunately I feel it has been way longer than that (75!) I love being an alumnus and keeping up with everyone and what the university is doing in the community. Keep up the good work!!!

What's Been Happening: La Crosse gave me a great start to a lifelong education. After raising two children I returned to nursing school, became an RN and, continued my education obtaining a BSN. Presently I am enrolled in a master of nursing program so I can eventually teach in a nursing program. I work with multiple sclerosis, behavioral health, eating disorder and obsessive compulsive patients. I try to stay healthy by exercising (something I got into back in the day) at La Crosse. I have been doing lots of traveling to countries like, China, Brazil, Australia, France, England, Spain, Italy and many more. I hope to work in one of those countries sometime soon. I do not know what the word retirement means. Life is good.

What's Been Happening: Since graduating from UW-La Crosse, I served in the United States Army as a Military Police Officer until retirement in 1995. I had initially gone into the military to get the GI Bill and go to law school. Life has a funny way of changing our great plans. My husband, Sam, is also a retired Military Police Officer. We loved our military service, especially our two tours to Germany. Getting married in Heidelberg in 1977 was always a highlight, as will having our children attend a German kindergarten in Heidelberg during our second tour. In 1988, I received a Master of Public Administration from Kansas State University while stationed at Fort Riley. With our second child, I decided to finish my career in the Reserves. On the eve of my retirement, I embarked on a sales career with Mary Kay Cosmetics. I love owning my own business. Sixteen years have flown by as I've raised our children without the 9-5 stress, establishing directorship, winning two free cars, and settling our family in a wonderful community outside Atlanta. My husband loves not buying me jewelry. I am it. As most are rethinking retirement, I know we are not done with our formal education.

What's Been Happening: These past several years have added to some of our fondest memories keeping us busy in every way. Teaching 7th graders and earning a Master's Degree has been an attainment of some professional goals. Attending high school and college events with our two children, and spending time with our friends has filled our social calendar. Visiting Salzburg where our daughter was studying there celebrating her college graduation and 30 years of marriage with a trip to Ireland this summer has kept our personal lives exciting. Now we're looking forward to retirement and the time to travel and do more of our favorite things.

What's Been Happening: My husband and I have three wonderful children: A daughter who graduated from Hastings College and is a film editor for a local advertising company and two sons, one who just graduated from Hastings College with a degree in Communications with an emphasis in New Media and the other is just entering college at The University of Denver, studying Music and Math. I have been teaching computer skills to K-5 elementary school children for the past 8 years. With our diverse population, it has proven to be a challenge yet fulfilling job. Computers have changed a lot since my programming days at UW-L. I am an alumni of Gamma Sigma Sigma and Phi Gamma Nu Sororities and Eta Phi Alpha Honors Fraternity. Most of my fondest memories are from activities with these organizations. "Cram Packs" and the Bloodmobile with Gamma Sig in particular and all of the friendships which came with these groups.

What's Been Happening: I retired from the Marines in 1992 and have been traveling ever since. I've ridden motorcycles from Dar es Salaam, Tanzania to Capetown, South Africa (when I turned 50 and climbed Mt Kilimanjaro) and from Osmo, Chile to Ushuaia, Argentina (last winter on my way to Antarctica) and plan for some more riding in 2009. Which includes my 60th birthday trip "Around the World in Eighty Days." If you think this is B.S I'd love to hear from you so that you can be included in the next adventure and I can provide proof. Life is very, very good. That includes my nearly 30 year marriage to Joan (Bunny) Richman that I met at UWL when she was a teacher in the Theatre department. You may have had Mrs. Richman as an instructor. We were married in Hawaii and will celebrate our 30th anniversary there in 2009. We'd love to hear from you. Aloha, ciao, and adios.

What's Been Happening: The University of Wisconsin-La Crosse experience allowed me to meet my wife Joan, to play a sport that I loved (football - three conference championships) and to gain academic experiences from my freshman year on in the Human Performance Laboratory. From there I was able to take my interests in football, strength training, and science through my career as a football coach and strength coach on the secondary and college levels and then go on to get a Ph.D. in physiology and biochemistry. The UWLa experience set me up for academic and administrative positions at the U.S. Army Research Institute of Environmental Medicine, University of Connecticut, the Pennsylvania State University, Ball State University and back again at the University of Connecticut. My research into exercise and sport science with an emphasis on resistance training was

nubated in those formative years as a student-athlete at UWLa. As a full professor in the Department of Kinesiology and holding appointments in the Department of Physiology and Neurobiology along with an appointment as a professor of medicine at the UConn Health Center, the beginning of my career paths originated from my academic, sport, and laboratory experiences at UWLa. While my dream of returning to UWLa one day has yet to come true, I will be forever grateful to all for the kindness and support offered to me through the years by UWLa family.

What's Been Happening: My wife Betsy and I have three accomplished healthy boys (Franc, Taylor, and Darrin). Betsy is an executive at Blue Cross of NC. Our favorite gettys (3-4 times a year) Santa Fe, NM (essentially our second home where we enjoy the culture, native cuisine, arts, and high altitude hiking). Still running medium distances. I maintain strong interests in aviation and Native American arts. Since my La Crosse days I have had essentially four primary professional positions: 1975 The Lovelace Clinic in Albuquerque (Director of Cardiac Rehabilitation and Preventive Cardiology), 1979 Sharp Health Care San Diego (Managing Director of Cardiac Rehabilitation and Preventive Medicine), University of California San Diego Exercise Science Certificate Program (Coordinator), 1989 San Diego Cardiac Center Medical Group (Director of Preventive Cardiology and Lipid Disorder Preceptorship Program), 1996 and current - Duke University Medical Center, Division of Endocrinology, Metabolism and Nutrition in Durham (Managing Director Lipid Disorder Physician Education Program). Also work with the Santa Fe Health Service and Alaskan Native Health Service in Indian Health Service on metabolic syndrome and prediabetes clinical staff training programs. Lots of business-related travel. Life has been a blessing and then some. Have not been back to La Crosse since my masters degree but hope to visit some day.

What's Been Happening: I have fond memories of my times at UW-LaCrosse. I earned a B.S. in 1975 and M.S. in 1979. Both degrees provided me with a solid foundation for a career in higher education, as I also earned my Ph.D. from Oregon State University in 1986. I started and served as the Director of Sport Management at Northern Illinois University from 1986 until 2005. In 2005, I took a position at Loyola University Chicago as the Director of Sport Management programs (BBA and MBA) in the School of Business Administration, where once again I started a sport management program, one of only 8 schools with the program in a School of Business in the USA. I have been named to Suzanne for 34 years and have one son, Nathaniel (26) who is a graduate of the University of Illinois (2004) and currently a student at the University of Milwaukee in architecture.

What's Been Happening: After graduating from UW-L, I worked as a social worker at the Lakeview Health Center in West Salem, WI. In 1977, I was hired as a flight attendant at North Central Airlines where I remained employed for 31 years (through the mergers that included Republic Airlines and ultimately Northwest Airlines). I returned to school in the 1990s and achieved a Master's Degree in Counseling Psychology from St. Mary's University of MN in 2000. As a part of this degree, I did an internship at Humphrey Job Corp Center in St. Paul. I have continued working at Job Corps as a substitute for the counseling and residential departments at Job Corps ever since. This year I officially retired from Northwest Airlines and am excited about future endeavors.

What's Been Happening: When I first arrived in La Crosse I realized I would need to make had some big adjustments from my Bronx upbringing. I was lucky enough to be taken in by new friends with Phi Sigma Epsilon. I benefited greatly from my early media training at WLSU-FM. I also remember working TV studio camera for an early promotional video on portable VHS computers. They were about 30 times the size of an average laptop today. I have been in public broadcasting for over twenty five years, moving from rock radio in La Crosse at WSPJ-FM to a television career at the Wisconsin Public TV network in Madison. In 1989 I was recruited to

serve as Executive Producer of WPBT-TV2 in Miami. Florida. I am presently hosting a national series of Public Television called "Healthy Body, Healthy Mind. UW-La Crosse was a terrific life experience for me. It's been a long and winding path from my first steps up to Grandview dorm on Main St. (Yes, I know it is long gone.)

What's Been Happening: Since leaving LaCrosse, I've had three primary careers. My first career was coaching gymnastics, winning state championships in Oregon and Colorado. Next, I worked as a freelance writer, publishing articles in several national magazines including Outside, Sports Illustrated, and the Atlantic. Currently, I'm an attorney representing public education institutions including Colorado High School following the 1991 attack on the school. I've also worked as a mad (seriously) in Sequoia National Park, a whitewater raft guide on the Deschutes and McKenzie Rivers in Oregon, a rock and mountain climbing guide on Mount Hood and Smith Rock in Oregon, a construction worker in Fairbanks, Alaska, a law clerk to a federal judge in Denver, Colorado, and an adjunct professor of law at the University of Colorado School of Law in Boulder, Colorado. My wife of twenty-four years is a gymnastics coach turned pediatric nurse. Our son is a football player and history major at Western State College in Gunnison, Colorado. Our daughter is a high school student who recently committed to play soccer at the University of Colorado. Vacations are spent rafting rivers.

What's Been Happening? I completed my Master's Degree in Sociology at Iowa State University. I also completed my Ph.D. in Sociology developing a computer simulation to gauge consumer response to energy crises (also at ISU). In 1987, I completed the Doctor of Jurisprudence degree at Drake University Law School. I am currently an Associate Professor of Political Science and Sociology at Iowa State University where I teach pre-law courses and a senior level course in Contemporary Social Theory. In terms of favorite memories, I would have to say that Dr. James Anderson and Dr. Philip Berg from the Department of Sociology at UW - La Crosse, had a profound effect on my decision to attend graduate school. They opened my eyes to possibilities I never dreamed were before me. Both taught me the true meaning of education as the process by which we push back the boundaries of tradition. For this I shall always be grateful to them.

What's Been Happening: Life has been busy since the days of UW-La Crosse, football games, classes and State Street. Steve and I are still married and had five boys, ages 32 to 22. None of them attended UW-La Crosse though; they chose UW-Madison. St. John's University, Dunwoody, West Point Military Academy and the Coast Guard. We have three grandchildren and the youngest is a girl! I taught for 19 years and then took the leap into administration. Currently I am the Principal of a JH with 1222 students in a school which is in the suburb of St. Paul, MN. We live in the lovely, little town of Prescott, WI, right across the border of MN and have been fortunate in all respects. I recently visited the UW-La Crosse campus and was amazed at the changes!

What's Been Happening: After spending 25+ years in various administrative positions at several University of Wisconsin institutions, I have moved to a faculty position at Minnesota State University, Mankato. I teach in the Counseling and Student Personnel department in the masters and doctoral programs training future student affairs professionals. I am having a great time as a faculty member and am enjoying the change from administrative duties. I continue to serve as a director for the UW-La Crosse Foundation and value the opportunity to support UW-La C and keep in touch with many former and current faculty, staff, and students.

What's Been Happening: As the Founder and CEO of The Domann Organization, Inc., I have been recruiting for the Life Sciences since early 1982. Foreseeing the potential growth and unique recruiting challenges in the Life Sciences industry, I established The Domann Organization in 1988. Prior to my search career, I was the General Manager of two successful start-ups. I was responsible for building the senior management teams and strategically charting the course for continued growth, expansion and ultimate sale of the business. I am currently on many Non-Profit Board of Directors, having served as President of several including the Guardsmen, a San Francisco based organization committed to advancing at-risk Bay Area youth by providing funding for indoor and outdoor educational programs. My hobbies include working on my ranch property, entertaining friends and golf. I reside in Rancho Santa Fe with my wife and identical twin daughters.

What's Been Happening: For the past 18 years, I have been teaching Phys. Ed., ropes course, Health Ed. and Science classes at a juvenile correctional facility, Lincoln Hills School. I have enjoyed being married to Tim Hoglund since 1992. Tim is the manager of Nelson's County Market in Tomahawk, WI. Our combined family (Robin-7, Matt-81, B-J-83, Ellie-86 and Bailey-86) have enjoyed years of camping, skiing, biking, hunting, music and school sports. As our children have moved out on their own, Tim and I continue to travel, and enjoy our home in Tomahawk. Retirement is getting closer and life is good!

What's Been Happening: My wife Trudy and I have three daughters - Shannon, Joan, and Laurie. We also have three grandchildren. I am a CPA and have been Chief Financial Officer and stockholder in the Brennan Companies for the past twenty-five years. My fondest memories at UW-L was the large membership we had in the Veterans Club and the help we gave each other in adjusting to civilian life after our military lives in sometimes volatile assignments during Vietnam. I am also proud that I was one of the first graduates of UW-L that was allowed to sit for the CPA exam in Wisconsin.

What's Been Happening: I am in my 33rd year of teaching Math, the last 30 at McDonell Central High School in Chippewa Falls, WI. My husband Chuck and I celebrated 32 years of marriage this past June 19th. He has worked for Silicon Graphics for the past 20 years. Our oldest son Brian has been married to his wife Bre for 4 years and he has been teaching Math at Irondele High School in New Brighton, MN for 4 and 1/2 years now. His wife teaches health and phys ed there also. Almost two years ago they made Chuck and I the proud grandparents of twin boys, Preston and Taylor. Grandparenting is just the "best." Our second son, Scott, graduated from UW-La Crosse in 2006 with a finance degree. He has since been working for Rochester Mayo Clinic. He married his high school sweetheart Amanda also in 2006. He is presently working on his Masters of Business from UW-La Crosse and will graduate in May of 2009. I am so proud of both of my sons. I wish you all the very best.

What's Been Happening: I taught Music at Hillsboro Elem. School from 1976-1994. Received my Masters in Education from UW La Crosse in 1990. Had to give up teaching because of vocal chord problems in 1984. I continue to accompany the Hillsboro Jr. and Sr. High School for contests every year and accompany Elroy if I have the time. I am also the church pianist for the First Congregational Church in Hillsboro. I am part of the St. Joseph's Hospital Foundation Board, Women's Civic Club, and help with the Elections in Hillsboro. I also work part time for Asbel Chiropractic in Mauston. My husband Wayne, retired as the principal of Hillsboro Jr. Sr. High School in 1994. We love to golf and travel. We have one son, Dan, and daughter-in-law Tracy. They have two boys Ethan(8) and Will(5). They are the light of our lives. Dan is the Director of Financial Analysis of the Wheaton Franciscan Healthcare of Milwaukee. They live in Oak Creek WI.

What's Been Happening: Ken Baierl (class of '78) and I were married in 1990 in Texas. We then moved to South Bend, Indiana with our two boys where we've lived ever since. Both of our children have graduated from Indiana University and are now out in the working world. I continue to teach 7th grade English. Even though I haven't been back to La Crosse since I graduated, I have many fond memories of that beautiful university that prepared me so well for the job I do.

BERNARD *has a question:* We help people create and
maintain wealth through insurance and investments. My wife,
Susan, is an RN, as is my daughter, Jenny. My son Matt is an
electrician. For fun, I officiate/umpire college and high school
baseball, softball, and volleyball. The umpiring led to a
speaking part in the movie "Mr. 3000." That led to another
landing a role as the Skipper in a remake of Gilgamesh's Island

What's Been Happening: I graduated from UWL majoring in mass communications and minoring in photography. It was great fun to be part of a lively group of developing photographers under the guidance of Mr. Grant and Mr. Bartell. It was a very unique department at the time. I've used the skills I learned at UWL throughout my life. I've worked in journalism, corporate communications, nonprofit community relations and finally, today - Development/Fundraising. I'm Director of Development for Lutheran Urban Mission Initiative (LUMI) in Milwaukee. We operate several Lutheran elementary schools in the city - Developing Christian Learners and Leaders in the Urban Community. I've been married to Becky for 22 years. Son, Steven, is a sophomore at UWL and son, Scott, is a senior at Hamilton Sussex High School. God bless everyone reading this.

I offered an opportunity to work at the Johnson Space Center in Texas. I turned that opportunity into a vow of poverty in an effort to start my own business selling insurance to businesses. A wide departure from my degree. I've since owned businesses in 6 different disciplines including Mortgage Banking, Property Casualty Insurance, Real Estate Development and my greatest satisfaction of Benefit Consulting and Communications. Over this time I've also built a family with my wife, Kim, children Joseph, Elizabeth and Harrison. As with many, there are challenges that have taught me a lot about myself, my family and life. UW-La Crosse remains a key part of making me independent, self assured and disciplined to succeed. Many of the teachers at UW-La Crosse pushed and sometimes pulled me to become a better person. What more could one like of the University and it's educators. I'm deeply grateful!!!!

What's Been Happening: Well, I've had two beautiful, wonderful children, that are the light of my life. My work has been in the field of working with people that have alcohol and drug dependencies. Then I moved on to work with young women with developmental disabilities. As of now, I am a built in babysitter for my daughter's gorgeous little girl, which I don't mind at all. So, all in all, my life has been pretty good and full, I guess I'd say. Thank You.

What's Been Happening: LaCrosse was a very special place to me for six years. I obtained my B S & M. S. and started teaching Elementary P.E. in the fall of 1979 in Kodiak, Alaska. I married an Appleton lady in the summer of 1984 and we have 3 children. I retired from teaching in Alaska in 1990 and moved to Mesa, AZ. I began teaching in Gilbert, AZ in the fall of 2002 and am still at it. I love the warm sunshine of Arizona. Hi to all I went to school with.

What's Been Happening: As an elementary education major, I was scared to death of my first field work experiences in the La Crosse and Onalaska public schools. As a professional educator working with University of Wisconsin-Plattville students doing field work in my own elementary classroom, I am reminded of those days at State Road, Marshfield, and Northern Hills, and others. I share this advice with my UW-L Peers: Once you survive a student throwing up on his language arts assessment during your very first lesson, you can get through just about any situation you come across in an elementary classroom! Thanks to all those UW-L instructors and participating teachers who helped mentor me through the myths courses and student teaching while at UW-L!

What's Been Happening: Married Sue Meyer of Elm Grove in May of '79. We were blessed with 2 children, Nicole - 25 and Christopher - 22. Nicole graduated from UW-Whitewater and works for UW Health in Madison in their Marketing Dept. Chris is a senior at UW-La Crosse in Finance. I worked 5 years as a Credit Manager/Internal Auditor for Equity Co-op Livestock Sales Assn. in Baraboo. For the last 25 years I have worked at Penda Corporation in several positions in the Finance Dept., and most recently as Treasury Manager. My wife Sue went to UW-L for 2 years and then transferred to WWTU for 2 years. We met during my senior year at UW-L. 78 and then married a year later. Sue works for Cascade Mountain Ski Resort as their accountant. We first lived in Baraboo for 8 years and then moved to Portage. We currently live outside of Portage in a condo development on a 9 hole golf course which we enjoy thoroughly. Would like to move to FL but that will be a few years yet.

What's Been Happening: I continued my education beyond UW-L with a Master of Arts in American Colonial History from the UW-Milwaukee. After a brief career with museums as a curator of History, I entered academic administration and then institutional advancement. Since 1997, my husband and I have been independent consultants helping non-profits raise charitable funds for their causes. We also help wealth management firms identify private investment opportunities. As a Gamma Sigma Sigma alumnae, I continue to volunteer my time with my church, the community, the St. Paul College Club (AAUW) and my children's school. I loved college life at UW-LaCrosse, the classes, the athletics and the community service with Gamma Sigma. My dad told me college would be one of the best times in my life, he was right. Now I tell my children the same thing.

What's Been Happening: I have recently retired from

Teaching at Western Technical College in La Crosse after 15

years as the first instructor with the Community Development

Disabilities Associate Program (CDDA). I taught SLBP

(students with Special Learning and Behavior Problems)

at Canton Elementary School in Canton, MN for two years. I

began in the Developmental Disabilities field as the first

Manager at Woodland Industries (a work program for adults

with disabilities) in Caledonia, MN in 1980. We moved to La

Crosse in 1986 and I worked for Riverfront, Inc. as their

Vocational Services Director. In 1999, WWC initiated the

CDDA program to provide academic and practical training to

people who will provide support to adults with developmental

disabilities in community settings. I planned courses and

sequences and wrote curriculum and was the Program Head

from the beginning. We have graduated more than 170

Associate Degree students in those 18 years. My wife,

Carmen has also retired and we are enjoying our South La

Crosse location. Our only son, Tostin has recently purchased a home in La Crosse and works at Smith's Bikes and Fitness. We see him often. I saw classmates and Professors from UWL's LD-ED program often as I visited schools and placed students in fieldwork around the region. I'm grateful for the wonderful education and opportunity my Master's Program provided!

What's Been Happening: I am enjoying my 30th year teaching high school science in Wisconsin. I thoroughly find working with seniors taking advanced honors biology rewarding. They are interested in pursuing a science major in college. I was recently recognized as Wisconsin Biology Teacher of the Year by the NABT, and in 1999, I was recognized by the White House and NSF as a Presidential Awardee for excellence in science teaching. These honors have inspired me to continue to grow professionally as an educator. I tribute my interest and much of my success in biology to Dr. Richard Nord from UW-La Crosse!

What's Been Happening: After teaching middle school for a few years, I moved into industry. I have worked at 3M Company for over 25 years, beginning in the Quality Lab and moving into more and more interesting positions over the years. I am now in Supply Chain and have worked at 3M Headquarters in St. Paul, MN for 15 years. I transferred from the Prairie du Chien, WI plant to live in River Falls, WI with my 22 year old son who is attending UW-RF. We share our home

with two dogs and two cats. I am a Master Gardener and spend as much time as I can outdoors. Looking forward to finding just the right place for retirement where I can have some fun outdoors. I would like to try to raise sheep and/or alpaca. I'm learning a lot about fibers and really enjoying it. I love over some of my knitted creations. Not all are works of art.

What's Been Happening: I have done many things since graduating from LaCrosse in 1978. However, I have settled in as a Certified Financial Planner and own my own practice in Oakbrook, Illinois. I have made numerous trips back to La Crosse for different events and love the many improvements that have been made over the years. I stay in touch with many of my La Crosse friends and have wonderful memories of my many volleyball and badminton trips. I was fortunate to get to go back and work as an official at a UW volleyball conference tournament at La Crosse with my buddy Poo! I would love to go together and have one last party at the Banana Boat!!!! Please call if interested. Life is good!!

What's Been Happening: It's amazing to think that 30 years have passed since graduating from UW-La Crosse. A couple of years after graduating, my husband and I drove to New York to seek our fortunes. I worked as the first civilian PR person at the largest nuclear submarine base in the U.S. in Groton, CT, before entering corporate life. I worked in Corporate Communications at Chesapeake-Pond's Inc. in Greenwich, CT, as well as Clarendon Group and Morgan Stanley in New York City. My responsibilities included global oversight and travel to Europe and Asia. Currently, I head Corporate Communications for the Americas for a German investment bank, WestLBAG, in New York City. My husband, Jeff, is a singer/songwriter and actor. We have two beautiful girls and reside in Ridgefield, CT. We visit our families in the Madison, WI area as often as we can.

What's Been Happening: After graduating with a BS in Community Health Education, I acquired a BSN from Viterbo College and worked as a critical care nurse at Lutheran Hospital. There, my preceptor became my future mother-in-law, as she introduced me to her son, Pete Nelson, also a UWL grad. Together we've lived in TX, OK, and for the past 20 years, Orange County, CA. I worked as an RN in the Cardiovascular Lab for 18 years before transferring to Cardiacpulmonary Rehab at Mission Hospital Regional Medical Center. During this time we have raised a 17 year old daughter and 15 year old son. As college plans are set to be made, neither seem to think they are leaving southern California.

What's Been Happening: Live in the Twin Cities. Married to childhood sweetheart. No children. Enjoyed a diverse career with The Trane Company for 21 years. Now with Nextstar. I work for 10 years and it is my plan to retire with Nextstar. Unlike so many others, my education was the right prep work for my career. Occasionally I will still refer to notes from UWL coursework. Beyond this I do enjoy life. Boating, sailing, snowmobiling, music and vacation. Have lifelong friends from all chapters in my life. Do my best to stay in contact with all. Wish all my fellow alumni at UWL the very best.

What's Been Happening: I married a teacher from Holmen High School 2 years after graduating in Physical Education (Dec. 1978). My husband was teaching at Holmen High School while I was student teaching there. After I subbed and coached there for 6 months after graduation, we moved to Minneapolis and had 3 girls. I got a job with Northwest Airlines and have worked for them in several cities. My husband (technician for Johnson Controls) passed away 13 years ago while we were living in Duluth, MN. I permanently reside in Onalaska, WI now, however I still work temporary jobs with Northwest Airlines. I plan to retire soon and become a snowbird with my significant other of 11 years. We'll see. Hi to everyone.

What's Been Happening: Retired from University of Colorado in 2006. In retirement, we have started a new wine and spirits store. I have enjoyed marriage for 16 years and we have one 8 year old daughter who keeps us young. There is no other place like Wisconsin and I miss it, especially my hometown, La Crosse, in the fall. Interests are: running, outdoors and watching the Packers.

What's Been Happening: After graduating in 1978, I was employed by Honeywell, Inc. in Minneapolis as a telecommunications specialist from 78 to 87 and lived in Hudson, WI. I married Mary Curran from Mauston in 1981 and we were blessed with identical twin boys, William 24 UW-Whitewater and Joe 24 UW-Whitewater. In '87 I took a position as Manager Telecommunications at Kohler Company in Kohler, WI. While I was living in Kohler, I was often with two daughters, Colleen 19 and Christine 18. We then moved to Winneconne, WI and I was employed at Kimberly-Clark '92-'95, then 95-04 Alliant Energy, Madison, WI as Manager for voice, data and video network and services. Then Capitol Indemnity Insurance as Network Services Manager. I was divorced in 2007 and I am back at Kohler Company as an IT Disaster Recovery Specialist. As of this date everyone in my family is fine and healthy. I spend the warm weather riding my motorcycle and visiting friends around the state. In the cooler months I do the same but in my car. Life has been good to me. The moves and job changes take their toll on the family but I've grown and learned considerably with every opportunity.

What's Been Happening: After graduation, I attended Harvard Law School, which I am proud to say UWL prepared me well for. I then went to Chicago, where I worked for a large law firm as a tax attorney. I met my husband in 1995, and had my daughter, Sydney, in 1998. I am now an Assistant General Counsel for Bank of America in Chicago.

What's Been Happening: I own my business, so, I work hard so that I can play hard. The last 29 years have been a lot of fun, and I have traveled and seen a lot of this world. My kids are grown and in college now and experiencing the same types of things that I did at La Crosse. I hope their experiences and education are even greater than what I had. If I am not working you can find me in either Minnetonka or Rio Verde, Arizona; golfing, or course.

What's Been Happening: After ROTC here at LaCrosse, I spent 23 years in the Army Reserves (Retired in 2000). My degree in computer science has taken me around the world working with some of the largest Banks in the world as an IT project manager (Retired in 2001). I married my wife Iris (attended UWL 1974-1975) in June 1974 and we had 1 great baby girl Brandi in 1980 who has her BS in Bio-Physics and MS in Education. I still keep in contact and have visited some of my old friends and classmates over the years. I currently work as a civilian for the Dallas Police Department. . Just one more retirement before I retire for good.
